

WATER DISTILLER

Live Your Quality Life

- Food-grade Stainless Steel
- Overheat Protection

4L Water Distiller Machine--Live Your Quality Life

VEVOR's water distiller safeguards your health and can help you get a continuous supply of distilled water, whether at home or in the office. The distiller can effectively dissolve VOCs and filter other impurities, and the distillation speed can reach 1.3 liters of water per hour. More importantly, the inner barrel is made of high-grade 304 stainless steel and has the function of preventing dry burning. It is a perfect helper for your kitchen.

- *All the products have got Certificate of ISO 9001:2015 Quality Management System, CE mark and already registered in FDA of USA.
- Efficient Water Purification
- Health and Security
- Easy to Use & Maintain
- Fast Heat Dissipation
- User-friendly Details

VEVOR®

Tough Equipment & Tools, Pay Less

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Strong Distillation Performance

The 750W distilled water maker speeds over 0.34 gal/1.3 L per hour to remove most tap water impurities like VOCs, dissolved solids, and almost all other contaminants. It can distill a total of 8.24 gal/31.2 L per day, and in order not to affect your taste, we kindly recommend that you change the filter carbon pack once a week.

PREMIUM AND HYGIENIC MATERIALS

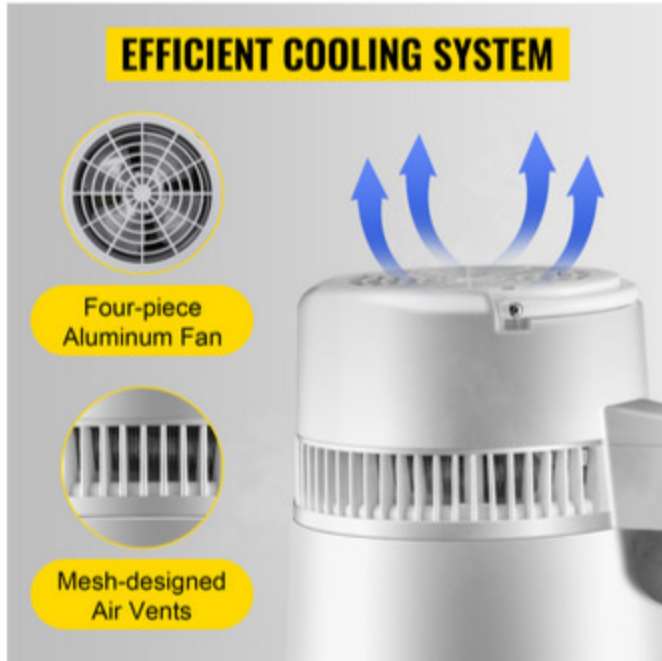

Premium and Hygienic Materials

100% FOOD-GRADE material: 304 stainless steel internal tank, inner cap, water outlet, and inlet; BPA-Free plastic container with ergonomic handle and aluminum fan blades; Soft catheter to prevent leakage. Durable and compact enough to fit in anywhere.

Simple Switch Control

One-key start, use reset button during distillation, convenient and no need to plug and unplug. It also has an over-temperature automatic protection function. When the temperature is higher than 239°F/115°C, it will automatically cut off the power supply so that you can use it with peace of mind.

Efficient Cooling System

The four-blade fan on the top cover of the water distiller uses aluminum material instead of fragile plastic, and the exhaust cap was also changed from plastic to 304 stainless steel. So as to ensure good heat dissipation and long service life.

CONSIDERATE DESIGN

Considerate Design

The easy-to-carry distiller includes a durable collection bottle, free carbon package, and fruit acid cleaner, which is needed to purify the water and ensure the purest and safest distilled water for all your needs. And there is a non-slip foot pad at the bottom, not easy to fall.

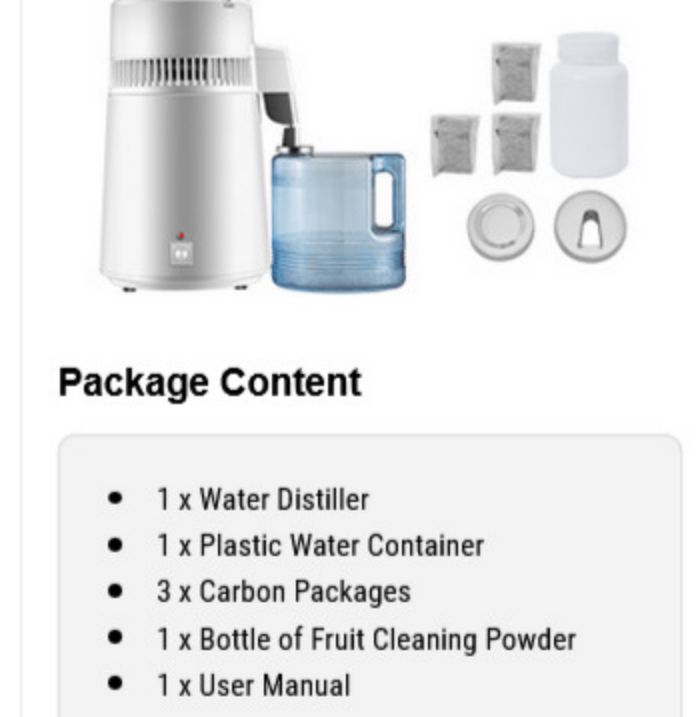

Multiple Application

Water distillers can remove most of the impurities in tap water, which is very suitable for offices, homes, laboratories, hospitals, dental clinics. The distilled water can be used as daily drinking water, coffee brewing water, beauty salon water purification, etc.

Specifications

- Model: YMK40101
- Rated Power: 750 W
- Distilling Speed: 0.34 Gal/H (1.3 L/H)
- Container Volume: 1.1 Gal / 4 L
- Barrel Diameter: 7.7 in / 195 mm
- Barrel Material: 304 Stainless Steel
- Container Size: Φ 7.2 x 7.1 in / Φ 183 x 180 mm
- Container Material: Plastic
- Product Dimensions: Φ 9.1 x 15.2 in / Φ 232 x 385 mm
- Product Weight: 9.9 lbs / 4.5 kg

Package Content

- 1 x Water Distiller
- 1 x Plastic Water Container
- 3 x Carbon Packages
- 1 x Bottle of Fruit Cleaning Powder
- 1 x User Manual
