

WARRANTY:

Aviance Lighting Inc. Indoor and outdoor fixtures, components, and electronic products, when properly installed and under normal conditions of use, are warranted to be free from defects in materials and workmanship for one year from date of invoice. Improper lamping may result in damage and will void the Aviance Lighting warranty.

OUTDOOR LIGHTING WARRANTY:

Finishes for fixtures installed outdoor are subject to change due to prolonged exposure to sunlight, pollutants and other environmental conditions. Metal finishes on outdoor fixtures will naturally nature over time, changing in appearance and creating a living finish. Painted finishes on outdoor fixtures may naturally fade over time, depending on the fixture's exposure to the outdoor elements. Thus any claim for fading, discoloration or "patina" of a finish on an outdoor fixture is not applicable to our warranty. Due to the reasons described above, this warranty does not cover the following finishes: Antique Brass, Polished Brass, Polished Chrome, Natural Brass, Satin Brass and Brushed Nickel.

COASTAL ENVIRONMENTS:

The environment within ten miles of a sea coast can be extremely corrosive. Even with the appropriate maintenance, products installed in this environment will typically deteriorate more than products installed in a less severe environment. Some corrosion and/or deterioration is considered "normal wear" in this environment. Thus, any claim for finish failures or for corrosion of other components due to coastal environment conditions is not applicable to our warranty.

MODIFICATIONS AND ALERTIONS:

Any Modification to an Aviance Lighting product will void the Aviance Lighting warranty policy and also the UL, C-UL or ETL listing.
