

Energy Information Sheet

Commercial Display Refrigerator / Vertical Showcase

Brand	Yeego	Model	SC-1060FC
SKU	YG-SC-1060FC	Product Type	Free-standing Display Showcase
Refrigerated Volume	1074.8 L / 37.96 cu.ft	Nominal Capacity	37.8 cu.ft
Rated Voltage	115 V	Frequency	60 Hz
Refrigerant	R290, 90 g	Equipment Class	VCT.SC.M

3.90 kWh/24h Declared Daily Energy Consumption	1,424 kWh/year Estimated Annual Energy Use	\$199/year Estimated Annual Energy Cost at \$0.14/kWh
--	--	--

Energy Performance Data	
Parameter	Value
Tested Mean Daily Energy Consumption	3.516 kWh/24h
Declared Daily Energy Consumption	3.90 kWh/24h
Estimated Annual Energy Use	1,424 kWh/year (3.90 x 365, rounded)
Estimated Annual Energy Cost	\$199/year (1,424 kWh x \$0.14/kWh, rounded)
DOE Maximum Allowable Daily Energy Consumption	4.66 kWh/day
Compliance Verdict	Pass

Test Method and Source	
Test Report	SGS Report No. GZEE231000384531
Test Program	DOE Program / CEC Program
Test Method	10 C.F.R. Part 431 Appendix B to Subpart C for Commercial Refrigerators, Freezers, and Refrigerator-Freezers
Date of Issue	2023-10-13

Notes: This sheet summarizes energy efficiency data for model SC-1060FC only. It is an energy information summary for commercial refrigeration equipment and is not an FTC EnergyGuide label. Estimated annual energy use is calculated from the declared daily energy consumption multiplied by 365 days. Actual energy use and cost will depend on utility rates, ambient conditions, loading, installation, and operating patterns.
