

Peel & Stick Backsplash Tile Installation Guide

Dear customer, thank you for choosing our self-adhesive wall sticker. Please read this installation manual completely before you start using it.

【Applicable environment】

Indoor wall (such as bedroom, living room, office, etc.)

【Feature】

Easy to paste, Easy to remove, Waterproof and moisture-proof, Environmentally friendly materials

【Tools】

1 * Peel & Stick Backsplash Tile

1 * Cutting tool (scissors/knife)

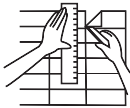

1 * Ruler

【Installation steps】

1. Preparatory Steps: Ensure a clean, flat, and dry wall surface, free from oil, dust, or peeling paint.

2. Positioning Planning: Before applying the backsplash tile, carefully plan the position and use cutting tools to shape it as needed.

3. Peel the Backing: Gently remove the protective film from the back of the tile.

4. Position and Adhere: Align the first tile with the desired location and slowly press it from top to bottom, ensuring no air bubbles are trapped.

5. Overlapping Installation: Stick the second tile overlapping the grout lines of the first tile. Repeat this process until all tiles are installed.

6. Check the Result: Step back and inspect the overall effect, ensuring there are no creases or unglued areas.

【Maintenance and Care】

1. Cleaning: Use a soft cloth for regular cleaning and avoid using corrosive cleaning agents.
2. Stubborn Stains: If the tiles become dirty and are hard to clean, wipe them gently with a small amount of water and immediately dry with a cloth.
