

Use & Care Manual for Frameless Sliding Glass Shower Doors

Thank you for choosing our frameless sliding glass shower doors. To ensure optimal performance and longevity of your product, please follow the use and care guidelines below.

General Use:

- Handle doors gently to avoid damage to the glass and sliding mechanism.
- Ensure the door slides smoothly; do not force it if resistance is felt.
- Avoid hanging heavy objects on the door handles or rail system.

Cleaning Instructions:

- Clean the glass regularly using a non-abrasive glass cleaner and a soft cloth.
- Wipe down the tracks and rollers to prevent buildup of soap or debris.
- Avoid using harsh chemicals, acidic cleaners, or abrasive sponges, which may damage the finish or glass coating.

Maintenance Tips:

- Periodically check the hardware for tightness and adjust if necessary.
- Inspect rollers and sliding tracks for wear and clean them as needed.
- If soft-close mechanism is present, ensure it functions smoothly. Lubricate lightly if needed (use silicone-based lubricant only).

Safety Precautions:

- Do not allow children to operate or play with the shower doors.
- Use caution to avoid pinching fingers in the sliding mechanism.
- In case of glass breakage, contact a professional for replacement.

Warranty and Support:

- Please retain your original purchase receipt for warranty claims.
- For assistance or replacement parts, contact our customer service team with your model number and details of the issue.

By following these instructions, you can keep your shower doors functioning properly and looking beautiful for years to come. Thank you for your purchase.
