- Safe for all plants - **Guaranteed not to burn** when used as directed.
- Starts to work instantly - Promotes quick, beautiful results.

Directions For Use

Instrucciones

With Watering Cans

Indoor Plants: Mix ½ teaspoon (the small end of the enclosed scoop) per gallon of water every 2 weeks.

Outdoor Plants: Mix 1 ½ tablespoons (the large end of the enclosed scoop) per 1 ½ gallons of water, in a watering can. For best results, soak the soil at the base of plants every 7 to 14 days.

Con regaderas

Plantas de interiores: Mezcle ½ cucharadita (el lado pequeño de la cuchara medidora que se incluye) por cada galón de agua cada 2 semanas.

Plantas de exteriores: Mezcle 1 ½ cucharadas (el lado grande de la cuchara incluida) por 1 ½ galones de agua, en la regadera. Para obtener mejores resultados apenas empape la tierra en la base de cada planta 7 a 14 días.

With Miracle-Gro® Garden Feeder™

For larger outdoor gardens, fill the feeder jar to the top of the label. See feeder package for additional instructions. For best results, use every 7 to 14 days; just soak the soil at the base of each plant to fertilize the roots. 5.5lb feeds approximately 2200 square feet of garden area. Please use only as directed.

Con el aplicador Miracle-Gro®

Para jardines exteriores más grandes, llene el bote del aplicador hasta la parte superior de la etiqueta. Consulte el paquete del aplicador para obtener instrucciones adicionales. Para obtener mejores resultados se debe usar cada 7 a 14 días; apenas empape la tierra en la base de cada planta para fertilizar las raíces. 5.5lbs fertiliza aproximadamente 2200 pies cuadrados de área de jardín. Debe usarlo únicamente como se indica.

For Big, Beautiful Miracle-Gro® Results...

Plants Need

Water

Sunlight

Nutrition

- Plants need water, sunlight and nutrition to flourish throughout the season. For best results, feed every 7-14 days when plants are actively growing.
- **Plant It Right:** Great soil is the first step for a beautiful, thriving garden. Miracle-Gro® soil helps create the right environment to get your plants off to a great start.
- **Feed It Right:** For spectacular results, thirty days after planting in Miracle-Gro® soil, begin feeding regularly with Miracle-Gro® Water Soluble All Purpose Plant Food to keep plants growing vigorously. If planting in existing soil, feed at planting time to help plants become established.
