For Big, Beautiful Miracle-Gro® Results

Plant It Right

Great soil is the first step for a beautiful, thriving garden. Miracle-Gro® soil helps create the right environment to get your plants off to a great start.

Feed It Right

For spectacular results, thirty days after planting in Miracle-Gro® soil, begin feeding regularly with Miracle-Gro® Water Soluble All Purpose Plant Food to keep plants growing vigorously. If planting in existing soil, feed at planting time to help plants become established.
