## KITCHEN & BATH CABINETRY

# The Best Value in Cabinetry

**Our cabinets save you up to 44% compared to other plywood brands.**

- ✓ **Free All-Plywood Cabinet Construction**  
Our cabinets are 4x stronger than particle board. Others charge an additional 25%.
- ✓ **Free Soft-Close Doors & Drawers**  
It's the quiet (little) things that make all the difference; others charge an upgrade fee per cabinet.
- ✓ **Free Solid Hardwood Dovetail Drawer Boxes**  
Our carpentry joints produce a strong, solid drawer box. Don't settle for weak stapled or glued construction.
- ✓ **Free Premium Painted Finish**  
No extra fees for a premium painted finish; the competitor's upgrade is our standard.
- ✓ **Free Design Services**  
Ask your Home Depot Kitchen Designer, or scan this QR code for more details.
- ✓ **NEW Free Depth Modifications**  
Increase or decrease our standard cabinet types in 1" increments. Others charge an upgrade fee per modification.
