

# Moisture Absorbers

DampRid's Moisture Absorber formula removes excess moisture from the air to eliminate musty odors caused by moisture. It also protects against moisture damage, and turns stagnant air into fresher, cleaner indoor air.

## Refillable Products

DampRid's Refillable products can be refilled and reused time and again. They are easy to use and offer an economically and environmentally friendly way to reduce moisture and eliminate odors for long periods of time.

◀ **FG01K Refillable Moisture Absorber Fresh Scent, Lavender Vanilla 10.5 oz.**  
The 10.5 oz Refillable Moisture Absorber is ideal for spaces up to 250 sq. ft. It lasts up to 45 days depending on temperature and conditions. And it is refillable using DampRid 42 oz Refill.

◀ **FG30K Fresh Scent, Lavender Vanilla 42 oz. Refill**  
The 42 oz Refill is an economical, easy-to-pour recloseable pouch for the 10.5 oz. Refillable Moisture Absorber container. It provides four refills for the 10.5 oz Refillable Moisture Absorber.

### How the Refillable Moisture Absorber Works

**Phase 1**  
Excess moisture is absorbed into the white crystals. The white crystals will begin to harden and form a solid mass. You may see liquid dripping into the bottom of the container.

**Phase 2**  
Excess moisture will most likely be dripping in the bottom of the container. The bottom of the container will be about 1/2-3/4 full of liquid. Approximately 1/2-3/4 of the white crystals will be gone.

**Phase 3**  
During this phase all of the white crystals will dissolve and the bottom of the container will be full of liquid. At this time empty the collected liquid down the toilet, raising the seat first.

# Disposable Hanging Bags

◀ **FG83, FG83LV, FG83CF (3ct.) Hanging Moisture Absorber 14 oz. - Fresh Scent, Lavender Vanilla, and Citrus Fresh**  
Hanging Moisture Absorber is designed to hang in closets and enclosed spaces to protect items and fabrics from excess moisture that causes damage. It lasts up to 60 days depending on temperature and conditions. **So effective, it's patented.**

◀ **FG80, FG80LV, FG80CF Hanging Moisture Absorber 14 oz. - Fresh Scent, Lavender Vanilla, and Citrus Fresh**  
DampRid® Hanging Moisture Absorbers eliminate excess moisture that can cause musty odors, damp-feeling fabrics and damage clothes and leather goods. Now, available in 3 fragrance varieties, Fresh Scent, Lavender Vanilla and Citrus Fresh, they also leave a light, pleasurable scent. All DampRid Hanging Moisture Absorbers can be used in closets, bathrooms, laundry rooms, pantries, storage and anywhere excess moisture and stagnant air are a nuisance.

### How the Hanging Moisture Absorber Works

**Phase 1**  
Excess moisture is absorbed into the white crystals. The white crystals will begin to harden and form a solid mass. You may not see liquid dripping into the lower chamber at this stage.

**Phase 2**  
Excess moisture will most likely be dripping in the lower chamber. You can actually see it working. The lower chamber will be about 1/2 full of liquid.

**Phase 3**  
All of the white crystals will dissolve and the lower chamber will fill with liquid. You will still see a small line of colored, fragrance beads in the top chamber of the Hanging Moisture Absorber product. At this time discard the entire Hanging Moisture Absorber product in the trash and replace it with a new one.

# Other Disposable Products

◀ **FG118 - Moisture Absorber with Activated Charcoal**  
DampRid® Moisture Absorber with Activated Charcoal prevents musty odors by eliminating excess moisture, and also absorbs and removes odors from the toughest sources such as cooking, garbage, bathrooms and diaper pails, creating fresher, cleaner, odor-free indoor air. It can be used in any room, closet, storage area or locker.

◀ **FG50T Hi-Capacity Moisture Absorber 4 lb.**  
The Hi-Capacity Moisture Absorber meets your large area and seasonal storage needs. Its Moisture-Lock™ technology and sealed cover prevents spills so you can use it on the go or in stationary areas. The sealed, safety cover keeps children and pets out. It lasts up to 60 days for 1000-sq.-ft. to 6 months for 250-sq.-ft. area depending on temperature and conditions.

◀ **FG69H Odor Genie Odor Eliminator 8 oz.**  
Odor Genie is the solid odor eliminator with a layer of charcoal that eliminates odors rather than masking them. Odor Genie eliminates smoke, kitchen, food, bathroom, trash, diaper, paint, solvent, gasoline and pet odors plus much more. It is great for use around the house and basement, in cars, boats, RV's and campers.

## DampRid for Fresher, Cleaner Air!

## Consumers Speak

*"Before using DampRid, there was a musty smell in my closet. At times my boots would get a moldy film on them. After using DampRid, both problems have been completely eliminated."*

P. Robbins  
Palm Beach, FL

*"DampRid is absolutely amazing! I never knew that there was so much moisture in my closet! My closet always smelled a little musty, but this product absorbed the odor and the moisture."*

B. Turner  
Austin, TX
