RUST-OLEUM® ROOFING

PATCH & REPAIR

Since 1921, Rust-Oleum has made innovative, quality products that repair and beautify commercial and residential spaces. Rust-Oleum's expertise and reputation run strong through our Roofing Patch and Repair products. These easy-to-use products extend roof life and save money. From touch-up aerosols, to patches and sealants, Rust-Oleum Roofing products can be trusted to get the job done right.

Rust-Oleum Roofing products carry various industry certifications and meet or exceed many industry standards. Certified products meet many local and national building codes.

- Patch and repair products for use on low and steep slope roofs
- High quality and easy to use products are ideal for both commercial and residential properties
- Variety of sealants great for use on RV and camper roofs, windows, porch awnings, barns, shed and more
