Drain Snake

Hair Clog Remover Tool

Directions:

1. Insert tool into drain

2. Push tool down drain until handle meets top of drain

3. Pull tool back out of drain slowly to avoid possible splashing of debris

CAUTION: SHARP EDGES

Use extreme care and protective eyewear when handling Drain Snake. Throw away after each use. **DO NOT** attempt to clean, sharp edges could cause injury.

Never use Drain Snake or any other Drain Cleaning Tool soon after drain cleaning chemicals have been used! The chemicals could splash on your hands or in your eyes causing serious injury.

DISPOSE OF PROPERLY!
