

Installation steps:

- 1-2. Pass the lamp arm through the hole of the canopy, and then tighten it with a nut
3. Drill a hole of appropriate size in the wall, and then insert the expansion rubber plug into the hole
4. Fix the hanging board on the junction box with screws
5. Reinforce the hanging board with screws
6. Connect the main wire on the lamp body to the wire reserved on the junction box, and then plug the excess wire into the junction box
7. Cover the lamp body on the hanging plate
8. Pass the screw through the side hole of the canopy, and then twist it into the bracket
9. Put the lampshade into the lamp holder
10. Twist the lamp holder ring on the lamp holder (fix the lampshade)
11. Install the light source (without bulb)

Attention:

1. Please cut off the power supply before installation to prevent electric shock (installation by certified electrician is recommended)
2. Due to the different display, the actual color can be different from the image
3. Due to the manual measurement of lamp body size, there may be a deviation of 1 / 2 inch
4. If you have any questions or lost parts, please feel free to contact us and we will try our best to help you
