Enter warmme account and password, click 'Link now' Choose 'warmme' Click 'link now'

Click 'Authorize'

Click 'done' To next page

Click 'discover devices'

Country should be consist with the country when register warmme account

searching

Thermostat is discovered click'Set up device' Click 'Skip' Or 'Choose gr<u>oup'</u> Click 'Add to group'

Click 'Done'

此处的group为亚马逊的group 不是warmme中的家庭概念

Voice commands

'Alexa,turn off 72W'

'Alexa,set 72W to 59°F'

'Alexa, decrease the temperature of 72W'

The end

Quick Guide of Using Google Home to Control Smart Devices

1. What you need to get started

Before using Google Home to control your devices, make sure you meet the following conditions.

- ✓ A Google Home device, or Android phone with Google Assistant.
- ✓ Latest Google Home app.
- ✓ Latest Google app (Android only)
- ✓ A Google account.
- \checkmark The device display language must be set to English US.
- ✓ Smart Life app and a related account.
- ✓ Smart devices.

2. Add devices in Smart Life app (Refer to App Instruction)

You can skip this part if you've already add some devices to your Smart Life account, and in the meantime the devices' name are easily recognized.

2.1 Download Smart Life app (Refer to App Instruction)

You can scan the QR code below to download the Smart Life app:

You can also search "Smart Life" in either App Store or Google Play to install the app.

2.2 Register a Smart life account and sign in the app (Refer to App Instruction)

Open the Smart Life app, tap "Register" to register an account, then sign in the app.

2.3 Add device and change device's name (Refer to App Instruction)

Sign in with the Smart Life account, add the device, then change device name to a easily recognized word or phrase, like "bedroom light".

3. Set up Google Home and configure in Home Control

Configuration needs Google Home app. Search "Google Home" in App Store or Google Play to install the app.

3.1 Set up Google Home with Google Home app

You can skip this part if your Google Home is already set up.

- 1. Make sure your Google Home is energized.
- 2. Open the Google Home app by tapping the app icon on your mobile device.
- 3. Tap "ACCEPT" to agree to the Terms of Service and Privacy Policy. Allow Google Home app to access the device location to discover and set up nearby devices.

4. Tap "SIGN IN", choose one Google account that you already logged in on your mobile device. Or follow the instructions to sign in with a new Google account.
