>>Warnings and care information

safety warnings

⚠DANGER!:

Failure to follow instructions could result in injury or even death.

⚠DANGER!:

Never put infants or pets into the hammock. Children can become entangled in hammock strings, incurring injury or death. Children under the age of 16 should be accompanied by an adult at all times. Strangulation hazard.

⚠WARNING:

This product has a maximum weight capacity of 330lbs/150kgs. If you combine a hammock with a hammock stand, please defer to the lesser of two weight capacity limits. Never exceed the smaller maximum weight capacity of either the stand or hammock. When calculating the weight to be held by a hammock stand, please account for the weight of the hammock as well.

This product is portable and not designed to be permanently fixed in an outdoor location. Excessive exposure to wind, rain, and sun could result in damage to the integrity of the materials. Hammock is intended for use with an appropriate hammock stand. Please use personal discretion, the instructions for your chosen hanging apparatus, and consult a professional when attaching hammock to alternate surfaces. Company is not responsible for injury resulting from inappropriate hanging.

Check materials of hammock before entering. Ensure that fabric and hardware are in good condition before entering. Check for loose, untied or frayed ropes. Confirm strength/safety of ropes by pulling on them. Please note that hammock ropes can loosen during the shipping process. Fraying is common around O-rings, and other connection points. If using with hammock stand, ensure that stand is on a flat, stable area before entering. Check metal or wood for cracks or weak areas. Do not use if any component is not in excellent condition. Please consult a professional if you have any questions or are using an alternate method to hang your hammock.

Never replace hardware or components of the hammock with parts not provided by the manufacturer.

Do not enter hammock feet first, headfirst, nor by jumping, swinging, or falling into the hammock. Do not stand or kneel in hammock. Hammock is not a toy. Do not rock or swing in the hammock. Hammock is not intended to be used in a rambunctious fashion.

Do not place any hard or sharp objects on or under the hammock. Do not raise hammock to height greater than two feet above the ground.

Hammocks, by nature, are unstable. Always use caution and personal discretion regarding your fitness and the safety of your surroundings when entering, exiting, or occupying the hammock as injury may result.

care

1. Hand wash with a soft brush using luke warm water. DO NOT USE SOAP as it may remove the protective coatings added by the factory.

Hang to dry.

2. To avoid any possibility of mildew be sure your hammock is completely dry before you store it in an enclosed area for a long period.

safety warnings continued

CAUTION:

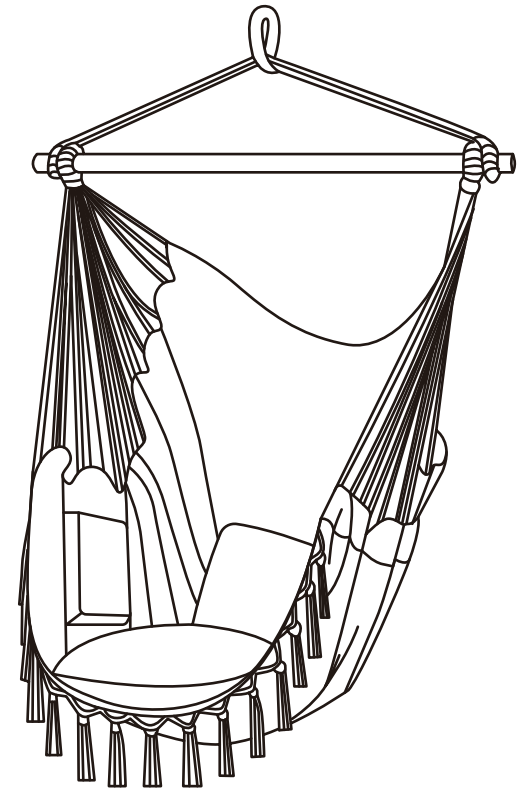

Do not flip or twist chair or ropes of hammock while it is attached to a stand.

CAUTION:

Not intended for permanent placement outdoors. Bring hammock indoors when not in use. Animals have been known to chew on hammock ropes and fabric. Please store and keep out of reach of small children and animals, for both their safety and for the integrity of the materials.

CAUTION:

Ensure the suspension point when hanging the hammock chair is at least 7.5 feet or 2.3 m from the ground. This ensures that the hammock, when in use does not touch the ground.

NOTE:
