2-DRAWER SPACIOUS SPACE

2-Drawer Spacious Space

Upper dimension: 15.7" x 17.7" x 8.5", lower dimension: 15.7" x 15.9" x 8.7", total capacity: 5.12 cubic feet. The perfect size and two-tier drawers can meet your need to refrigerate different kinds of ingredients.

EFFICIENT REFRIGERATOR

Efficient Cooling System

With compressor refrigeration technology, this under counter refrigerator could achieve fast cooling, keeping your food fresh. In addition, the air cooling system can dissipate heat in time to ensure the cooling effect.

PRECISE CONTROL

Temperature Control

You can use the button controller of the blue LED display to adjust the temperature and keep your favorite drinks and food in the best state. The display can also show the temperature inside the refrigerator.

STAINLESS STEEL MATERIAL

Premium Stainless Steel

Our refrigerator is made of solid stainless steel, which can better avoid cold air outflow than the glass cabinet door, and is more durable. Stainless steel is easier to clean, providing you with the greatest convenience.

Considerate Details

The refrigerator's handle and the smooth slide allow you to fetch food easier. The built-in lighting makes it clear for you to see the inside stuff after you open the drawer, and the feet ensure stability.

WIDE APPLICATION

Various Application

It can be used to preserve food materials and refrigerate beverages to provide you with the best taste. It can be used in business or household, installed under the counter, suitable for home and business use.
