- Uses friction-generated heat to cut pipe in tight spaces
- Cuts 1/2 in. to 4 in. PVC pipe, drainage and irrigation tubing
- Multi-wire braided construction for reliable performance
- Ideal for tight spots
- Cable wraps neatly into the handle for convenient storage
- Uses friction-generated heat to cut through pipe

Product Overview

Husky's PVC Cable Saw uses friction-generated heat to make cuts in tight spaces. The saw cuts PVC pipe, drainage and irrigation tubing from 1/2 in. to 4 in. diameter. It features a durable, braided stainless steel multi-wire cable. For compact storage, the cable wraps neatly into the handle. The perfect addition to your plumber's tool box.

Operating Instructions

1. Secure pipe to be cut.
2. Loop cable around pipe at starting point.
3. While applying continuous pressure, make short strokes to cut through PVC.
