NEW DESIGN AND UV FEATURES

24V Power Module

Expanded range ballast operates over a range of 20V-32V and offers 3000V surge protection.

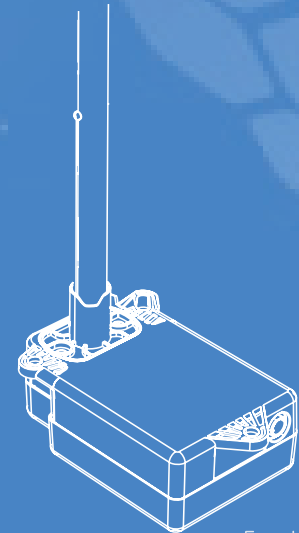

DirectConnect™

Custom design allows lamp to be installed directly in A-coil delta plate for optimal UV exposure.

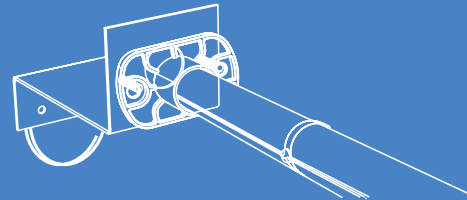

Remote Mount Capability

Custom magnetic bracket uses a powerful magnet to securely hold the bracket to the surface. Great for slab coil installations.

Easy Lamp Replacement

Quick-disconnect lamp connection is factory-sealed and designed for the rigors of damp, high-humidity environments.

- Extended range power module operates over a range of 20V to 32V and offers 3000V surge protection.
- Direct Connect™ custom design allows lamp to be installed directly in A-coil delta plate for optimal UV exposure.
- Parabolic reflector lamp shield.
- Custom magnetic bracket offers remote mount capability.
- Quick disconnect lamp connection enables easy lamp replacement.
