

JTJ-2ST, 2 TON HYDRAULIC TOE JACK

454502

JET® JTJ Series Toe Jacks are heavy-duty, industrial, dual purpose jacks. They are designed for lifting loads with low or high clearances. This makes the JET Toe Jack ideal for house moving, machinery installation and applications at shipyards, bridge building, or plant construction sites. JET JTJ Series Toe Jacks comply with ANSI/ASME B30.1 standards

FEATURES

- Dual purpose jack designed for low or high clearances increases versatility
- Overload Protection valve prevents lifting loads past maximum capacity
- Electric welded bases and cylinders virtually eliminating leaks for proven reliability
- High or low extreme temperature fluxuations do not affect jack performance increasing durability
- Heat treated piston resists corrosion
- Spring assisted return and over-travel protection increases tool life
- Lifting, pushing, spreading, bending, pressing or straightening capabilities for multi-function use
- Pump handle included
- Complies with ANSI/ASME B30.1 Standards

JET RED ASSURANCE 2-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
