

# Compatible Garage Door Openers

 **beamUP** Smart Controller conversion kit is designed for sectional doors and garage door openers made after 1993 with a photo eye safety system.

## COMPATIBLE MODELS:

- **Allstar®**, **Hörmann®**, **Linear®**, **Lynx®**, **Marantec®**, **Martin®**, **Moor O Matic®** models are compatible
- **Skylink®**, **Sommer®**, **Stanley®**, **Wayne Dalton®** and **Xtreme Garage®** models are compatible
- **Chamberlain®**: Only models with myQ® or Security+2.0™ are not compatible
- **Craftsman®** Series 100, 53XXX models without **AssureLink®** are compatible (3043, 30437 and 54XXX models are not compatible)
- **Genie®** models other than Series III Models, **PowerMax®** 1500, **TriloG®** 1200 & 1500 and **IntelliG®** 1000 & 1200 are compatible
- **Overhead Door®** models other than Series II & Series III are compatible
- **LiftMaster®** models without myQ® or Security+2.0™ are compatible
- **Raynor®** models without myQ® or Security+2.0™ are compatible

Some garage door opener manufacturers have incorporated an encryption on their push button control preventing non-proprietary products from working with their openers. The Smart Controller will not work on the serial encrypted models (Chamberlain myQ® or Security+2.0™, and Craftsman 3043, 30437 and 54XXX).

If there is uncertainty whether your garage door opener is or is not compatible with the Smart Controller, please contact beam Tech Support at 1-800-436-9186.
