STEP 1

Remove the headboard from the box and lay it face down on the ground. Open the velcro panel on the back and remove both the legs and hardware.

STEP 2

Using two (A) M8 bolts, two (B) big washers and the provided holes, secure both legs to the headboard at your desired height with the (L) hex key provided. (see Figure 1)

STEP 3 (recommended)

Using the mounting blocks on the back of your headboard, screw the two (G) headboard mounts to the top of your headboard with the provided (I) screws. Using the remaining (I) screws, attach the (H) wall mounts to your wall. Make sure to place the wall mounts at the correct height to pair with your previously installed (G) headboard mounts (see figure 2). If no wall studs are available to secure the headboard to your wall, use the provided (J) drywall anchors instead. Lift the headboard and lower into place to join the (G) and (H) mounts together.

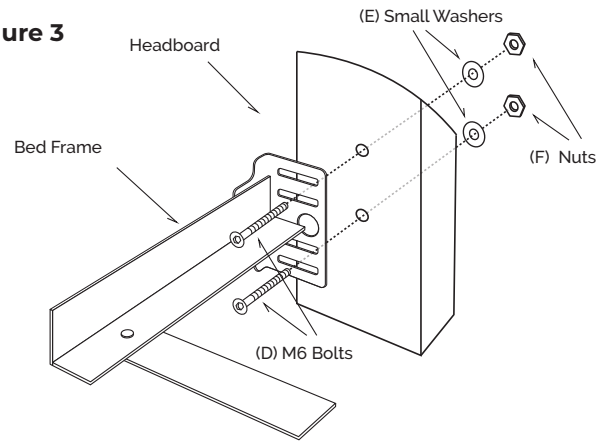

STEP 4

With the front side of the headboard facing the bed frame, attach the headboard to the frame using the (D) M6 bolts and (K) hex key, (E) small washers and (F) nuts.

If your bed frame doesn't fit the headboard, use the provided modification plates to secure the bed frame to the headboard. More instructions are included with the plates.

Failure to follow these warnings and assembly instructions could result in serious injury or death. Read all instructions before assembling the headboard. Keep the assembly instructions for future use. Before each usage or assembly, inspect the headboard for damaged hardware, or missing parts. DO NOT use the headboard if any parts are missing or broken. If replacement parts and instructional literature are needed contact the manufacturer at 888.975.8243. DO NOT substitute parts.
