

Surface Cleaner User Manual

1. Introduction

This user manual is intended to provide guidance on the safe and effective use of the Surface Cleaner. With its dual high-pressure jets, stainless-steel construction, and wide cleaning area, this tool is designed to efficiently tackle stubborn stains on large flat surfaces.

2. Safety Instructions

- Always wear appropriate safety equipment such as gloves, eye protection, and closed-toe shoes.
- Avoid pointing the jets directly at people or animals.
- Keep the cleaner away from electrical outlets and other potential hazards.
- Do not operate the cleaner if any parts are damaged or missing.

3. Setup

- Connect the Surface Cleaner to your compatible pressure washer using the 1/4" quick plug.
- Ensure all connections are tight and secure.
- Attach the extension wands and nozzles according to your needs.

4. Operation

- Turn on the pressure washer and adjust the pressure and flow rate according to the surface you are cleaning.
- Guide the Surface Cleaner across the surface, ensuring the jets are positioned at a fixed height.
- Move the cleaner in a smooth and continuous motion to avoid streaks.
- For stubborn stains, you may need to increase the pressure or repeat the cleaning process.

5. Maintenance

- Regularly inspect the nozzles and other parts for wear or damage.
- Replace worn or damaged parts immediately.
- Store the Surface Cleaner in a dry and secure location.
- Do not use harsh chemicals or abrasives to clean the surface cleaner.

6. Troubleshooting

- If the Surface Cleaner is not working properly, check all connections and ensure they are tight.
- Inspect the nozzles for blockages or damage.
- If the problem persists, contact the manufacturer for assistance.

7. Accessory Kit

- The accessory kit includes extension wands, replaceable nozzles, spray nozzle tips, O-rings, an inlet filter, Teflon tape, and a nozzle cleaner.
- Store the accessories in a safe and organized manner for easy access.

Thank you for choosing our Surface Cleaner. We hope you enjoy its efficient and effective cleaning capabilities.
