

## **Use & Care Instruction**

1. Avoid staining the product with oil stains, ballpoint pens, ink, etc. If you find stains on it, please immediately clean it with professional cleaner. If there is no, you can use a clean white towel with a little alcohol to gently wipe the stain, then dry it with a dry wet towel, and finally use protective care once.
2. Please do not rub sharp objects on surface to keep it bright and cause the thread to fall off or damage the cover. If there is any damage, please contact a professional manufacturer for repair.
3. Daily cleaning of the product uses a dry towel to gently wipe the dust. If the it is often wiped with a damp towel, moisture will penetrate into the seat, causing the seating to harden and reduce the life of the product. Do not use strong decontamination products (such as washing powder, gasoline, rubber water, etc.) to clean the furniture to avoid discoloration and hardening.
4. Keep away from humid environment. Do not place the product in a humid place, otherwise it will be moldy and affect the service life.
