

## How COLOR-MAX™ works JUST SLIP IT OVER THE VENT PIPE!

**UNIVERSAL FIT 3"** and under has a special retainer clip inside the inner pipe. It fits 1 ¼", 1 ½", 2" and 3"; remove clip for 3".

**UNIVERSAL FIT 3" and 4"** has a special retainer clip on the outside of the inner pipe. It fits: 3" and 4".

Add color instead of Shingle discoloration and rust stains.

By installing a COLOR-MAX™ VENT SHIELD you will never have to paint or caulk this area again. Works with all flashings and lead shields.

## General Information

The COLOR-MAX™ VENT SHIELD attaches to either cast iron or PVC pipe.

It reduces rust stains and is an insulator against lightning.

It improves the appearance and adds value to your home.

It extends the life of the vent pipe flashing by blocking UV rays.

It prevents leaks at the vent pipe seal even when the caulking fails.

Available in *Brown, Gray, Black, & Terracotta.*
