

## Let's Start Jamming Together!

This electric tomato strainer uses a 700W strong motor for efficient grinding, without the need for laborious squeezing and filtering. The pure copper motor is wrapped in a die-cast aluminum housing, which is safer and less noisy than the exposed motor.

## JUICE AND DREGS SEPARATION DESIGN

Easy to make good jam with high standard

Φ2.0mm fine filter mesh for more creamier and smoother jam

Adopting a dual channel design, achieving both juice and slag discharge, combined with Φ With a 2.0mm fine filter screen, even small seeds such as grapes and tomatoes can be blocked out. Even grinding carrots can create a delicate and smooth delicious jam.

## THREE-SPEED KNOB OPERATION

Simple switching to control the speed of juicing

Kindly note:  
Please cut the ingredients ≤ 4cm and push them slowly with the feeding bar.

Three speeds can be adjusted, and the speed of different ingredients can be controlled by rotation to better control the juicing effect of different ingredients and extract delicate and delicious jam.

## REVERSE FUNCTION TO AVOID CLOGGING

Suitable for stores that require efficient and extensive grinding

Squeeze 100 lbs of tomato sauce per hour

The new reversing function is designed to avoid clogging even when grinding a large amount of ingredients at once, making it ideal for use in stores and at home when entertaining guests, without worrying about the waste of jam caused by clogging and the time-consuming problem of grinding.

## MAKE JAM-MAKING EASIER

Φ45mm Feeding Port

Adjustable Trough

Wire Storage Box

The Φ45mm inlet ensures that you can put in more ingredients at once, and when it's time to dispense the juice, you can deposit the jam into different containers by adjusting the trough, and when you're done using it, you can put the cord away for easier storage.

## VEVOR®

Item Model Number: **AMG196-180**  
 Rated Voltage: **120V/60Hz** Power: **700W**  
 Number of Gears: **3 gears** Feeding Aperture: **Φ45 mm**  
 Mesh Aperture: **Φ2.0 mm**  
 Product Size: **21.9×7.9× 16.1" / 555× 200× 410mm**  
 Net Weight: **14.9 lbs / 6.8 kg**  
 Accessories: **tomato screw x 1; stainless steel strainer x 1; juice stopper x 1; adjustment knob x 1; tomato holder x 1; funnel x 1**  
 Except for the discharge port, plastic baffle, and stainless steel filter, other accessories cannot be placed in the dishwasher for cleaning.  
 After use, they need to be washed with water and wiped dry.

### Specification

Item Model Number	AMG196-180	Rated Voltage	120V/60Hz
Power	700W	Number of Gears	3 gears
Speed Control Type	knob control	Reverse Function	yes
Feeding Aperture	Φ45 mm	Mesh Aperture	Φ2.0 mm
Shell & Tray Material	Die-casting Aluminum	Filter Material	SUS430
Product Size	21.9" × 7.9" × 16.1" / 555 × 200 × 410 mm	Net Weight	14.9 lbs / 6.8 kg
