

TrafficMASTER Premium 3-in-1 Flooring Underlayment

TECHNICAL DATA SHEET

Typical Physical Properties

Properties	Test Method	Attributes	Typical Physical Properties
Nominal Product Thickness	ASTM D3575		3/32" (2.4 mm)
Product Coverage 48" x 25'			100 ft ²
Compressive Strength (psi) @ .020" deformation	NALFA UL 3.3 ASTM D3575	  Subfloor Leveling Walking Comfort	3.0
Thermal Emittance	ASTM C 1371	 Thermal Protection	.11
Moisture Vapor Transmission Lbs / 1000 ft ² - day (100 @ 90% RH)	ASTM E 96	 Moisture Protection	Meets NALFA Standard
Thermal Resistance h-ft ² -F/Btu (per inch) - R-Value	ASTM C518	 Thermal Protection	4.07
Impact Sound Insulation (dB), IIC Airborne Sound Transmission (dB), STC	ASTM E492 ASTM E90	 Acoustic Protection	61 54
Volatile Organic Compounds	CA 01350	 Environmentally Friendly	PASS
Compatible with Radiant Heat Floors			YES

Values shown are typical of this product, but they should not be construed as specification limits.
