

# Shocking Pink Bromeliad

## Sunlight

Filtered sun to partial shade

## Water

Keep soil moist, but not soggy  
- do not let plant sit in water

## Pet Friendly

Yes

## Mature Size

Height: 8-12"  
Width: 18-24"

## Air Purification

Excellent – removes over 6  
airborne pollutants

## Plant Hardiness

Outdoor: Zones 9-12  
Indoor: ANY ZONE

## Indoor Care Tips

Use a shallow and well-draining  
pot with a porous orchid  
or succulent mix

## Outdoor Care Tips

- Plant in well-draining area; in-ground, a planter, in trees or rocks
- Shallow roots allow your plant to be easily relocated
- Bring indoors when temp goes below 55° F

## Expert Advice

- Relatively pest resistant
- Loves humidity
- Serrated leaves - wear gloves
- After blooming, plant dies and new pups emerge at base and grow into new plants
