

### MIG-270 3 In 1 Portable Inverter Welder

Three Modes & Portable Handle & Effortless to Use

Multifunction 3-in-1 MIG/TIG/MMA professional combo welder, capable of welding up to mild steel, weld steel, stainless steel, copper, and cast iron. It can work well with MMA MIG TIG function to weld steel and stainless steel perfectly.

- Advanced IGBT Technology
- Convenient Flux Cored Wire
- Easy Control Panel & 3 In 1
- Safety & Overheat Protection
- Compact and Portable
- NOTE: Please note this MIG welder can not weld aluminum!

VEVOR Mig Welder Welding Machine  
270A MIG MMA TIG 3 In 1 Welder Combo  
110V/220V

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

#### Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

### 3 IN 1 Welder

Three modes can be easily switched: MIG, MMA, TIG. The wire feeding speed, welding current, and voltage (110V or 220V) are adjustable. You can adjust according to your application and different thickness machines.

### Flux Cored Wire

This wire feed welder uses convenient flux-flux-cored wire, which releases metal-inert gas during welding to prevent weldment oxidation. It can weld 0.024" & 0.031" & 0.039" welding wire, weighs 2.2 pounds and 11 pounds.

### IGBT Inverter

The IGBT inverter technology of this 3 in 1 welder has the characteristics of stable arc, small splash, anti-interference, firm thrust, and stable performance. It is simple and easy to operate, which is very suitable for beginners and professionals.

### Easy to Operate

The panel of the welder is straightforward and easier to operate. You can adjust according to your application and different thickness materials.

### Built-in Protection Function

Only weighs 21.7 pounds, lightweight and compact. Automatically shut down when the temperature is too high, or the voltage and current exceed the range.

### Wide Application

This MIG gas welder is ideal for home, work, and DIY use. Used for welding ordinary thin steel and iron, stairs, metal cages, square tubes, sheet metal, etc.

### Specifications

- Model: MIG-270
- Welder Type: MIG/MMA/TIG
- Voltage: 110V/220V
- Current Range: 50-220A
- Protection Degree: IP21S
- Rated Input Power: 5.6KVA
- Wire Speed: 2.2-12 m/min
- Wire Thickness: 0.024" & 0.031" & 0.039" / 0.6 mm & 0.8 mm & 1 mm
- Wire Weight: 2.2 / 11 pounds

### Package Content

- 1 x MIG-270 3 In 1 Inverter Welding Machine
- 1 x 3M Gas Shielded Welding Torch
- 1 x 5M Argon Arc Welding Torch
- 1 x Cables With Electrode Holder
- 1 x 2M Cables With Earth Clamp
- 1 x 2M Argon Tube
- 1 x Welding Slag Hammer
- 1 x 1KG Carbon Steel Gas Shielded Welding Wire (φ0.8)
- 1 x Welder Glasses and Brush
- 1 x Product Manual
