

LADDER SCOOP #11800

- Functions as a non-slip paint can holder
- Holds shingles or siding
- Works with any ladder
- Hugs the ladder and does not hang free
- Powdercoated Steel
- Reversible

New ladder accessory from Acro. It's simple. It's strong. It's the new Ladder Scoop. "Like a third hand" it's essential for all roofing and siding crews! Three major functions: Holds siding, shingles, and cans (tar or paint);

Universal fit for all ladders and rated to exceed all ladder ratings (see individual ladder manufacturer ratings).

Applications: siding crews, shingles on short roofs and dormers, and non-slip paint can holder. Safe for all ladder ratings (see individual ladder manufacturer weight restrictions).

Especially useful for work on short roofs or dormers.
