

LED WHITE FILAMENT

SPECIFICATIONS

Upgrade your lighting to Feit Electric's elegant Exposed White Filament LED Bulbs for a fresh take on vintage bulbs. These first-of-their-kind white filament bulbs take a clear glass tube-shaped bulb and add low-profile white filaments. Unlike yellow filaments, these blend into any décor style for a timeless look that complements any room. Their 5000K Daylight color temperature glow creates a vibrant mood, with no harsh glare. Use these bulbs in any fixture with a medium E26 base for a variety of general-purpose and decorative lighting applications. T10L60CL950CAWFHDRP4 bulbs use up to 85% less energy than standard 60-watt incandescent bulbs. A 90+ CRI infuses vibrance into your space, bringing out truer colors and more natural skin tones. Get up to 15,000 hours of life. Create a stylish feel that instantly enhances both home and commercial spaces.
