

## PFAS Statement

Supplier Company Name: Chelorq Insights INC

We hereby confirm that our products are free from intentionally added PFAS (Per- and Polyfluoroalkyl Substances), including but not limited to PFOA, PFOS, GenX, and other long- and short-chain fluorinated compounds.

We recognize the growing environmental and health concerns associated with PFAS chemicals. In alignment with regulatory developments and market expectations, we have taken proactive measures to ensure that none of our raw materials, components, or finished products contain PFAS substances as defined by the U.S. Environmental Protection Agency (EPA), the European Chemicals Agency (ECHA), or other relevant authorities.

Our supply chain partners are required to comply with strict material safety standards. We regularly review material declarations and certificates of analysis to ensure compliance with applicable laws and regulations, including California's AB 1200 and other state-level restrictions on PFAS in consumer products.

We remain committed to sustainability, product safety, and regulatory transparency.
