

Are you a daredevil?

BOSCH
Invented for life

Daredevil™

Work Hard, Play Hard

Bosch Daredevil represents the people who use power tool accessories to benefit not only their professional lives, but their overall lifestyle. By using better accessories you're going to save money and time because bits and blades account for more than half of the performance you get from your tools. And with the time you save, you'll have more opportunity to play hard, whether that means motorcycle riding or fishing, family activities or volunteering to build a new park in town. It's your time and you've earned it. There's a Work Hard, Play Hard spirit of a freestyle motocross pro that's shared with the contractor. It represents creativity, focus and preparation that these professionals bring to the job each day. Everything about Bosch Daredevil is best in class, from the design applied to the materials used. There's always a lot at stake in a construction project, so why wouldn't you combine your skills with the best accessories available to get the job done right the first time?

Bosch Daredevil started with best-in-class spade bits and now includes framing saw blades, recip saw blades and auger bits. To qualify as part of the Bosch Daredevil line, the product must be the best in its class for speed, ease of use or life—innovations that deliver better productivity. Bosch Daredevil is a superior line of products for the construction professional, relying on world-class materials and manufacturing to meet even the most demanding building and remodeling jobs. Being a daredevil is really about being the best.

Daredevil™ Spade Bits

Full-cone threaded tip for fast and effortless drilling

Spur and reamer provide cleaner holes

Contoured paddle for faster chip removal

Hex shank with power groove reduces slippage

Fastest spade bits
are up to 10× faster*

Available in 4" stubby for tight spaces
and 16" extra-long for overhead work

Daredevil™ Spade Bits

NOTE: Drill bits (or extension + drill bit) in excess of 8" should never exceed 600 RPM

* Based on independent testing vs. standard spade bit

Daredevil™ Auger Bits

Reinforced tip with-
stands repeated nail hits

Reamer Edge
improves entry- and
exit-hole quality

Dual cutting edges pro-
vide easier nail cutting
and balanced drilling

Reinforced spine adds
strength for heavy-duty
applications

Nail killing auger bits
for 3× longer life and
3× less force*

Daredevil™ Auger Bits

Daredevil™ Recip Saw Blades

Micro-blast teeth
stay sharp longer

2×2 tooth geometry is up to 20% faster, Bosch patented technology

More height and thickness for straighter cuts and less vibration

Powder metal alloy provides more heat resistance and longer life

Durable recip blades
last up to 20% longer*

*Based on independent testing vs. standard recip blade
