IMPORTANT SAFEGUARDS

- Never install this or any other vehicle accessory on or near air-bags.
 - To protect against electrical hazards, do not immerse cord, plug, or unit in water or other liquid.
 - Close supervision is necessary when used by or near children.
 - Unplug unit when not in use.
 - Do not operate if cord is damaged; inspect cord regularly.
 - Do not use unit for applications other than its intended use.
 - Never wrap cord around unit as this may damage cord.
 - Never use AC current to power this unit.
 - Use only when vehicle is running to avoid draining battery.
-

MOUNTING INSTALLATION

- Pick a suitable location for installation making sure the fan will not interfere with vision or become a safety hazard.
 - Drill three 1/8" holes into the vehicle body matching the foot plate of fan.
 - Secure foot plate with tapping screws included.
 - Insert the included cushion between the plate and body.
 - Connect to your vehicle's 12-volt power port.
-

SAFETY TIPS

- Use caution when using the unit.
 - Never place fingers in grate while running (keep away from children).
 - Unplug unit before cleaning.
-

CARE

- When cleaning fan make sure unit is unplugged.
 - Use a damp cloth to clean fan.
-

OPERATION

- Mount fan in desired location.
 - Ensure the switch is set to Off.
 - Adjust fan to desired position.
 - Plug fan into a 12-volt power port, and switch on.
-

TROUBLESHOOTING

- If unit does not operate, check that the power supply is working properly.
- Check that all cords are connected properly.
