Components

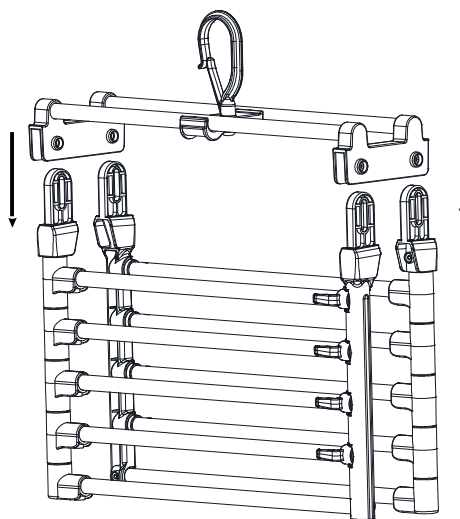

1

Insert the 360 degree swivel hook into the top frame middle support bar by pressing down on the swivel hook until you hear a snap. Once the swivel hook is snapped into place it is correctly installed.

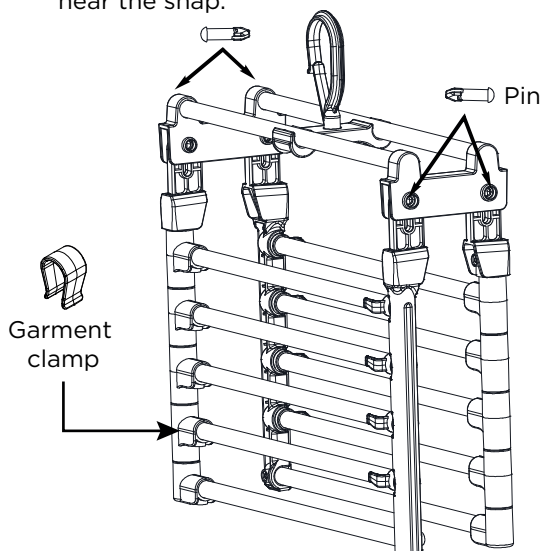

2

Slide each Garment Racks into the Top Frame making sure the connection is correct and the holes are properly aligned.

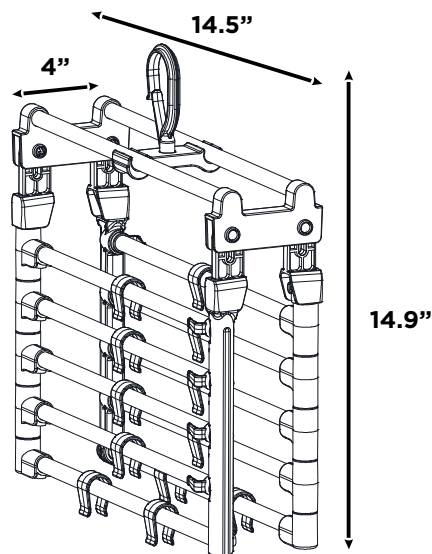

3

Slide the Garment racks connection pins inwards through the Top Frame holes until you hear a snap. The pins are properly connected after you hear the snap.

4

Product is completely assembled.

CARE INSTRUCTIONS:

Wipe clean with a damp cloth and air dry.
