Stay Away from Cold, Warmth All Around

Our diesel heater features two wiring options, requiring no complex assembly. The plug-and-play design makes connecting to vehicle power, mains power, or portable power stations easy. Enjoy warmth in your garage, during outdoor camping, or in an RV effortlessly.

TWO WIRING METHODS

Includes adapter & power cable, two wiring methods

Energy Storage Power Supply

Suitable for DC12-24V Vehicle Power Supply

Tool Room/Garage Power Outlets

Note: Exhaust must be vented outside

Featuring an innovative CO alarm system, this diesel air heater continuously monitors carbon monoxide levels. Alerts are triggered at 300 ppm, with auto shutdown at 500 ppm to prevent CO poisoning from incomplete combustion.

MEET SAFETY CERTIFICATION STANDARDS

Overheat protection ≥536°F/280°C

CO Alarm

Fuel Tank Gauge

Exhaust Pipe Protection Sleeve

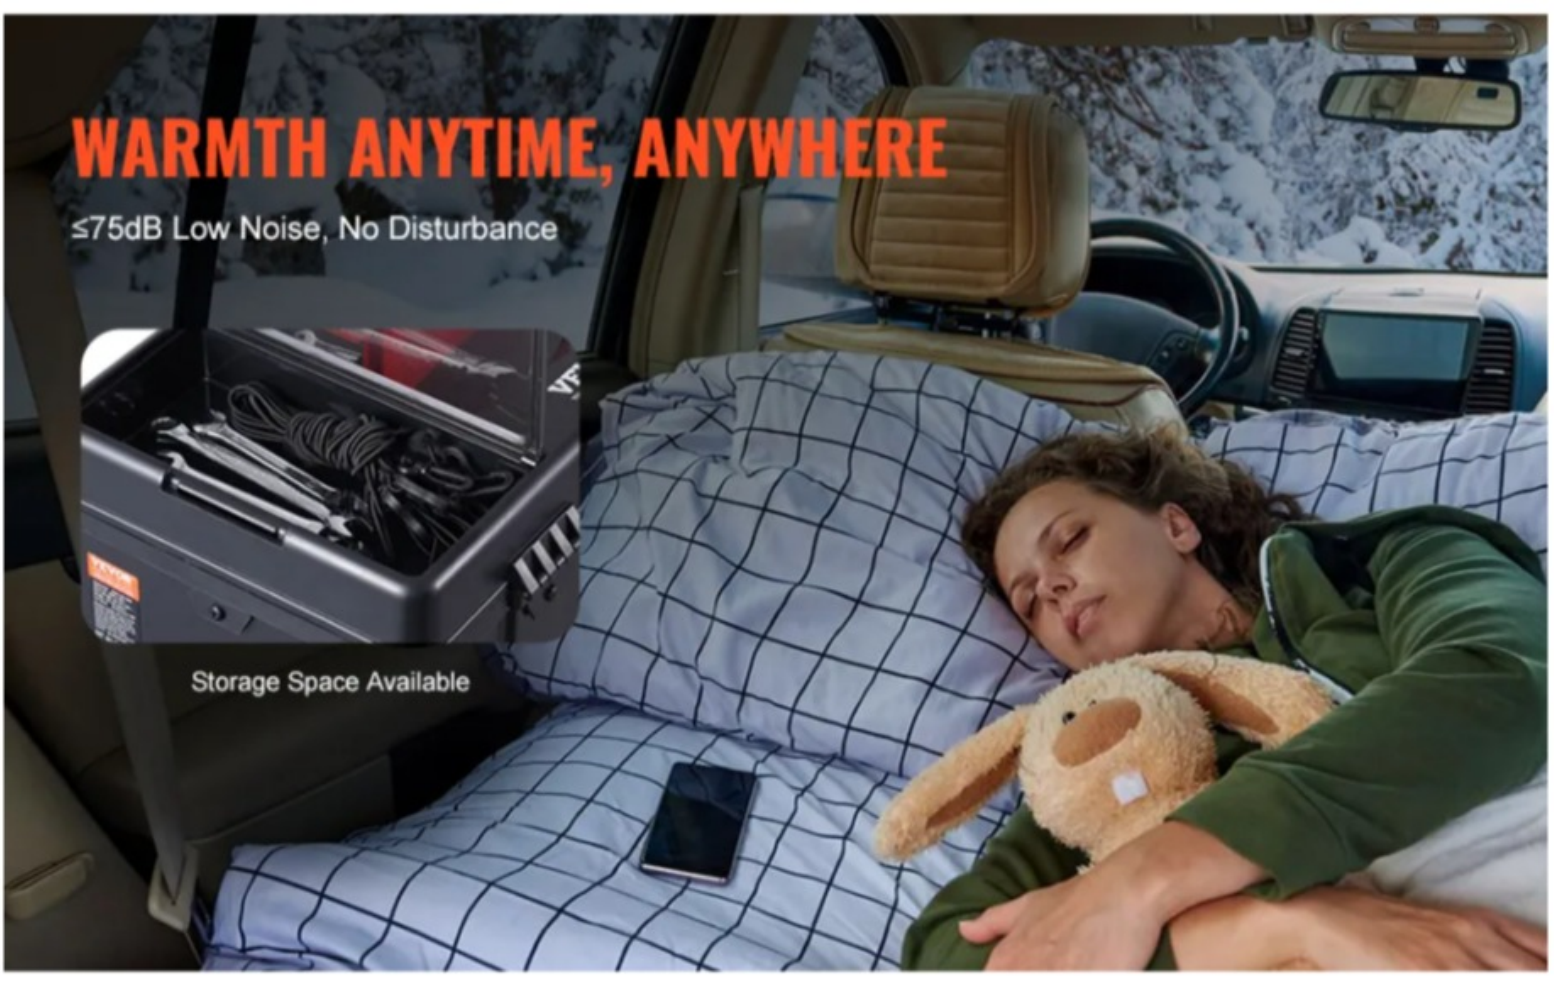

Leak-Proof Fuel Tank Cap

Control your portable diesel heater from a distance with the Bluetooth app or remote control—start it up with just a button press and walk into warmth. The HD display panel allows for easy operation and provides real-time status updates.

Equipped with a premium muffler and fuel pump, this diesel heater operates quietly without disturbing your rest or driving. Its large handle design makes it easy to carry to your garage, RV, or outdoor locations.

In addition to overheat protection, this diesel car heater is equipped with a fuel level indicator, and a leak-proof fuel cap—all upgrades that enhance safety for extended use.
