

Gum Rubber Grout Float

10070

STURDY

Wooden handle for an easy grip

DURABLE

Extra thick aluminum backing plate for maximum leverage and applying grout into joints

QUALITY

Premium gum rubber laminated to lightweight, closed cell core is built to last

EASY CLEANUP

Rinse with hose or in clean water after each use

PRECISION

Squared back corners ensure complete coverage in corners

Rounded corners prevent gouging of grout joints

The QEP® Gum Rubber Grout Float features a non-stick gum rubber to ensure grout is applied evenly and smoothly. The 2 rounded corners help prevent gouging at grout joints and 2 square corners help you spread grout in corners and tight areas. The large wood handle allows easy maneuvering and a firm grip. Use for smoothing porcelain and ceramic, textured tile and natural stone. This oversized gum rubber pad is preferred by professional flooring installers.
