

12oz Ceramic Coffee Mugs Use and Care Manual

1. Product Overview

These off-white coffee mugs feature a modern style with a space theme. Made of ceramic and degradable clay (lead and cadmium free), they have a 12-fluid-ounce capacity, embossed texture, smooth rim, and stackable design. They are microwave, dishwasher, and freezer safe.

2. How to Use

- Ideal for daily use at home or office, suitable for coffee, tea, milk, lattes, hot chocolate, etc.
- Stack mugs neatly to save kitchen storage space; avoid overstacking to prevent damage.
- Microwave safe for heating beverages; do not heat empty mugs or leave in microwave for extended periods.

3. Care Instructions

- Dishwasher safe; place in dishwasher racks securely to avoid collision with other items.
- Shiny inner glaze resists stains; hand wash with mild detergent for better maintenance if preferred.
- Avoid sudden temperature changes (e.g., pouring boiling water into a cold mug) to prevent cracking.
- Handle with care to avoid drops or impacts, as they may chip or break despite being sturdy.

4. Storage Tips

Store in a dry, cool place. Use mug hooks or stack as designed. Keep away from sharp objects to protect the embossed texture.
