WARRANTY

At Coddle we stand behind our products.

We offer a one-year limited manufacturer's warranty on all products. For the warranty to be valid, you must be able to produce the original purchase confirmation email containing the order number and email address used to place the order. The warranty is only valid on products purchased directly from Coddle or an authorized retailer. The warranty is voided if the sofa has been resold or re-gifted by the original owners/purchasers.

Our warranty covers all defective or damaged parts and manufacturing not related to consumer-caused damage or modifications.
