

VEVOR® INDUSTRIAL WATER COOLER CHILLER FOR CNC MACHINE

9L Large Capacity Cooling Box
Max. Flow: 12 L/min

CW-3000 Industrial Water Cooler Chiller

CW-3000 series is a professional cooling machine referring to international, advanced cooling system design, suitable for small water-cooled cooling devices requested machinery. 9L cooling tank capacity with completed water flow & over high-temperature alarm functions. The built-in cooling fan for effective ventilation ensures its high heat dissipating capacity.

- Note: Please kindly know that this machine can only cooling the water into room temperature. If you need an accurate temperature controller, please order our CW-5000/CW-5200/CW-5000 PRO/CW-5200 PRO machine.
- Product Parameter
- Efficient Cooling Fan
- Accurate Thermostat
- Various Alarm Functions

VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

9L COOLING TANK CAPACITY

9L Cooling Tank Capacity

The water cooler chiller features a stable performance with an 9L large-capacity cooling box. Equipped with a precision scale, you can fill with water according to the scale.

POWERFUL COOLING FANS

Efficient Cooling Fan

A professional forced air-cooled radiator inside quickly takes away the heat. High heat dissipating capacity decides that the water chiller is not easy to be blocked.

PRECISE TEMPERATURE DISPLAY

Precise Temperature Display

This CNC machine industrial chiller equips an accurate temperature monitor. You can monitor the real-time temperature accurately to ensure the working status of the machine.

MULTIPLE ALARM FUNCTIONS

Multiple Alarm Functions

This laser engraver water chiller has various protection and early warning functions, such as water flow, high-temperature, low-temperature alarm, etc. These measures can avoid overheating and extend its service life.

USER-FRIENDLY HANDLE

User-friendly Handle

Rubber handles are super durable and reliable. The ergonomic design makes it very comfortable to hold, saving time and effort as well as improving the working efficiency.

WIDE APPLICATION

Wide Application

CW-3000 series is a professional cooling machine, easy to install and operate, compact, and easily movable. It's designed for cooling the one CO2 glass laser tube under 60W/80W of the laser engraving and cutting machine.

Specifications

- Voltage: 110V
- Frequency: 50 / 60 Hz
- Current: 0.8-0.9 A
- Cooling: 50W/°C
- Capacity: 2.4 Gallon / 9 L
- Max. Lift: 13.1 Yards / 12 m
- Max. Flow: 3.17 Gal/min (12L/min)
- Suitable for: Engraving Machine Under 100W
- Protection: Over-Flow & Over-Heat Alarm
- Way Of Circulation: Water Pump Forces Circulation
- Product Size (L x W x H): 20.4 x 10.6 x 14.9 inch/52 x 27 x 38 cm
- Gross Weight: 25.26 lbs / 11.46 kg
- Package Size (L x W x H): 22.05 x 14.57 x 18.11 inch /56 x 37 x 46 cm

Package Content

- 1 x CW3000 Water Chiller Machine
- 1 x Power Cable
- 1 x User Manual
- 2 x Sealing Washers
