Timeless Transitions for LVT & LVP

TrimMaster™

Transitions for Resilient Floors

Designed to help transition floor so they flow seamlessly from room to room.

Excellent choice for multifamily housing, urban spaces and luxurious homes to help beautify your projects with a finished professional look.

- **Patent pending *SecureFit™*** Tap Down design allows trim to adjust to lower heights
- **10 Year finish warranty** is scuff and scratch resistant, waterproof and holds up to heavy traffic
- **3-Way Installation-** Adhesive, Fasteners, Float
- **Convenient 84" lengths** cover most common transition openings, easier to transport and ship without freight surcharges

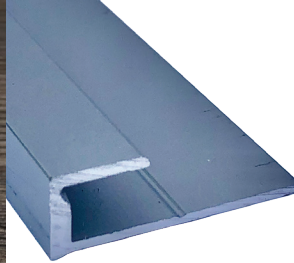

TrimMaster™

Versatile Profile Solutions

Square Cap

Sizes: 3.5, 5.5, 8mm
Finishes: White (W), Dark Bronze (B), Satin Silver (MA), Satin Nickel (SN), White (W)

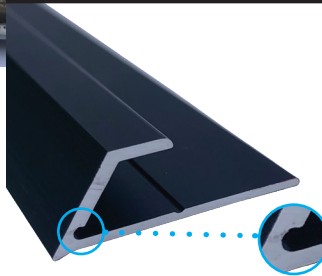

- Transitions to carpet or similar height surfaces
- May be used as wall cap or trim on wall edge
- Taps down to lower heights for secure fit

Reducer

Sizes: 3.5, 5.5, 8mm
Finishes: White (W), Dark Bronze (B), Satin Silver (MA), Satin Nickel (SN)

- Universal reducer transitions to lower surface flooring such as laminate or stained concrete
- Proprietary dimple design makes it able to tap down to accommodate smaller floor height
- ADA Compliant

T-Shape Seam Binder

Sizes: 3.3, 5.5, 8mm
Finishes: White (W), Dark Bronze (B), Satin Silver (MA), Satin Nickel (SN)

- Use to transition same height flooring or wall tile
- Each side taps down independently to fit both sides
