02 Chair Installation

Please keep the original box in case you might need to return or replace the product.

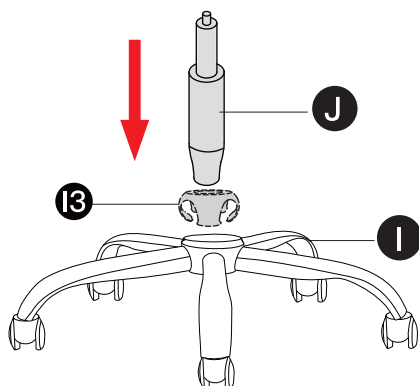

1 Install the base.

2 Insert the casters.

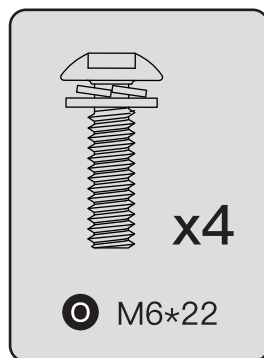

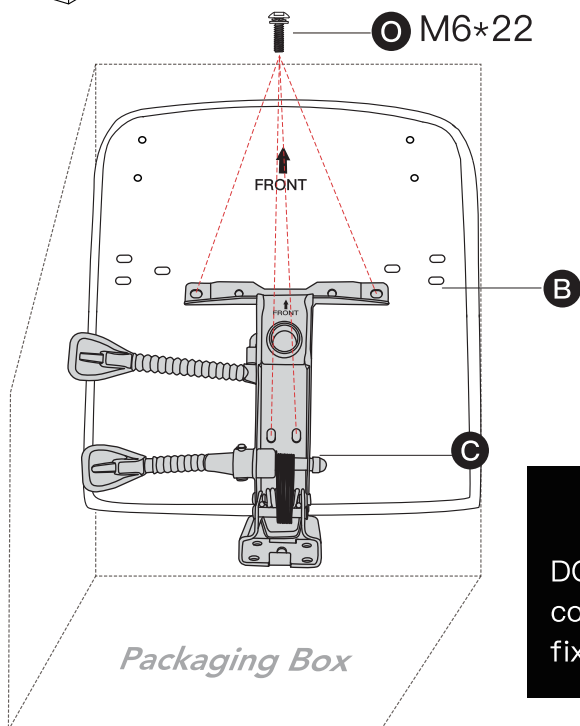

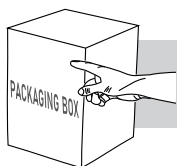

3 Install the gas lift.

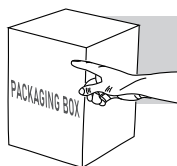

4 Install the mechanism.

(For easy installation, place the SEAT on top of the packaging box.)

⚠ Attention

DO NOT tighten the screws completely until they are all fixed in the correct position.

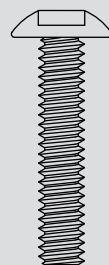

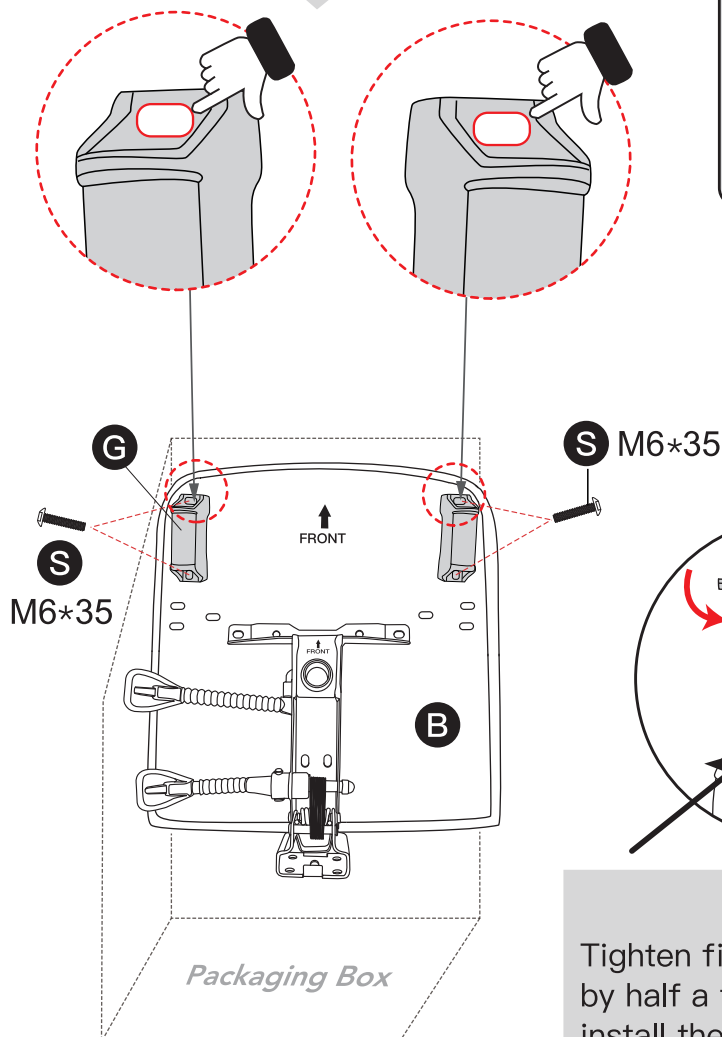

5 Install the footrest rails.

(For easy installation, place the SEAT on top of the packaging box.)

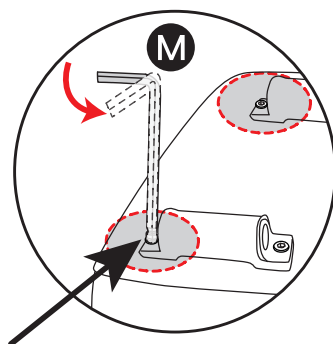

Step1

Straight screw holes in the same direction.

x4

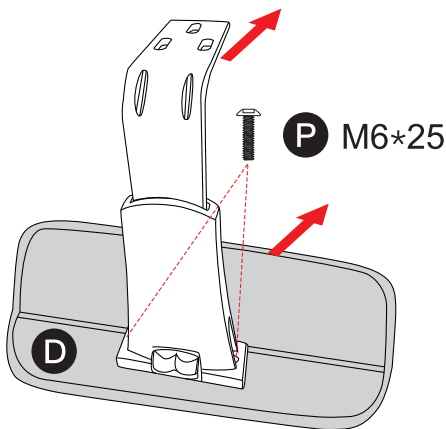

(S) M6*35

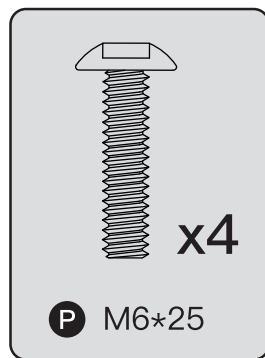

Step2

Tighten first, then loosen by half a turn to smoothly install the footrest.

- 6** Install the armrest as shown below.
The same with another one.

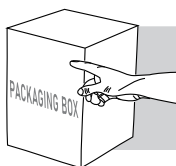

x2

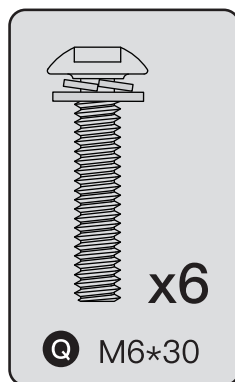

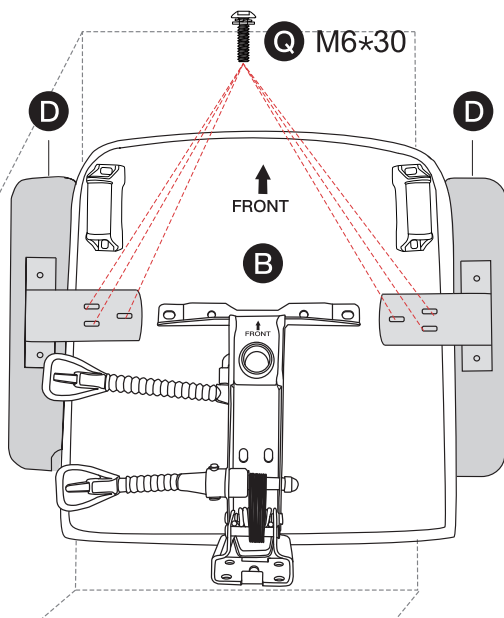

Note:

Place armrest covers and armrest iron frame on the same side as shown in figure for installation.

- 7** Install the armrests on the seat.

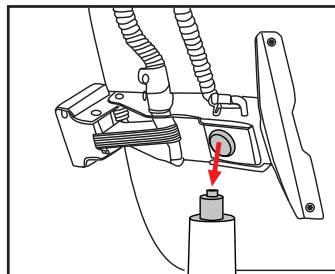

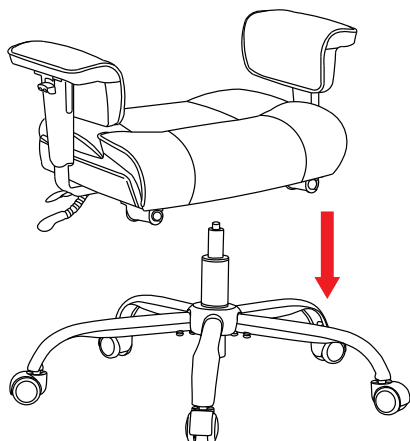

(For easy installation, place the SEAT on top of the packaging box.)

Note:

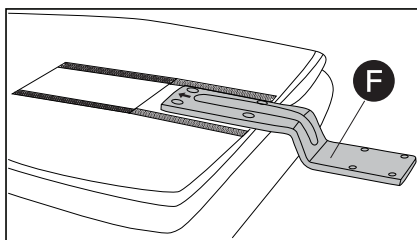

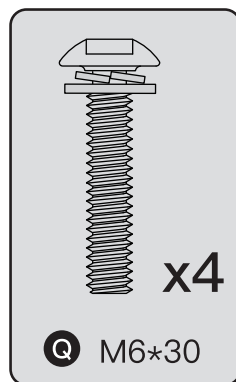

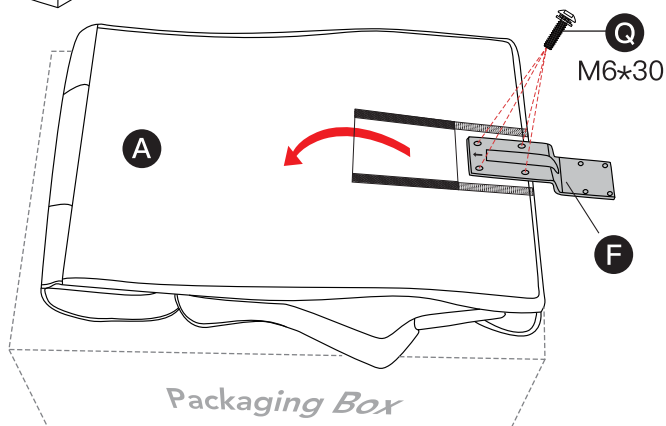

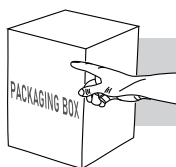

- Place the armrest covers close to the seat.
- DO NOT tighten the screws completely until they are all fixed in the correct position.

8 Place the seat on the gas lift.

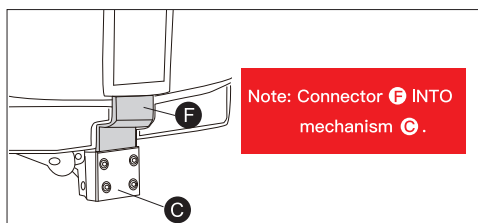

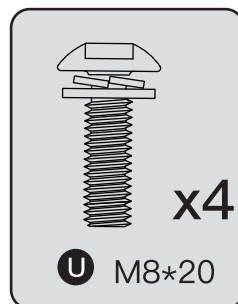

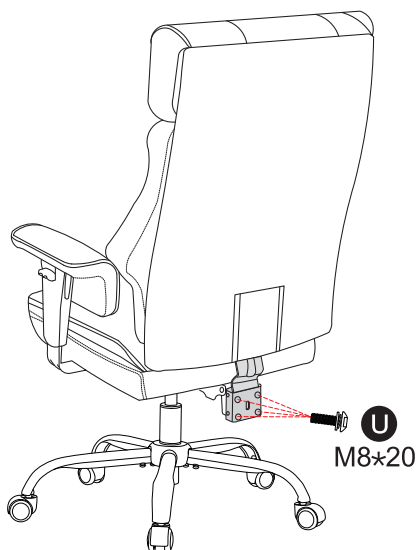

9 Install the connector on the chair back.

(For easy installation, place the BACK on top of the packaging box.)

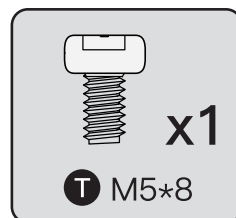

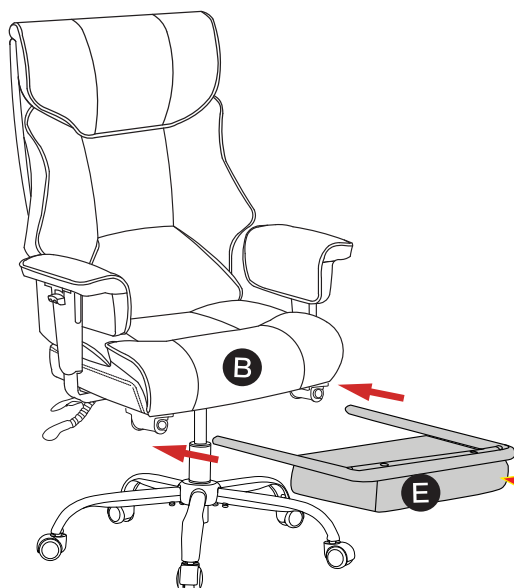

*** Note that the direction of the connector.**

10 Install the chair back on the rear end of the mechanism.

11 Install the footrest.

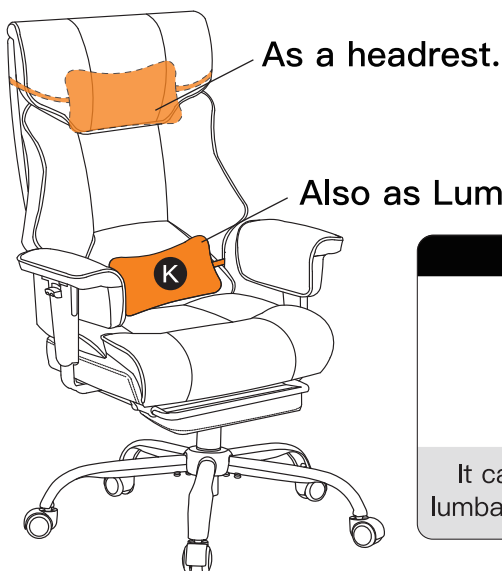

Only one side of the footrest has screw hole.

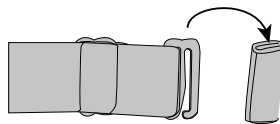

NOTE:

Please refer to the diagram for the front and back sides and proceed with caution during installation.

12 Use as a Lumbar Support or Headrest.

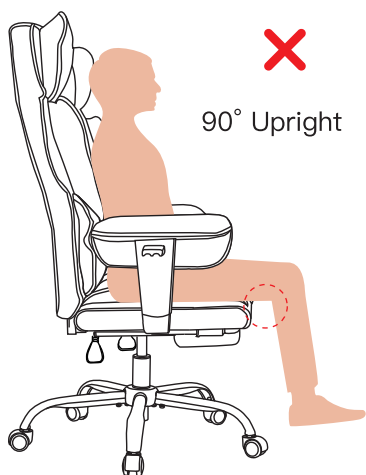

*Length-adjustable belt

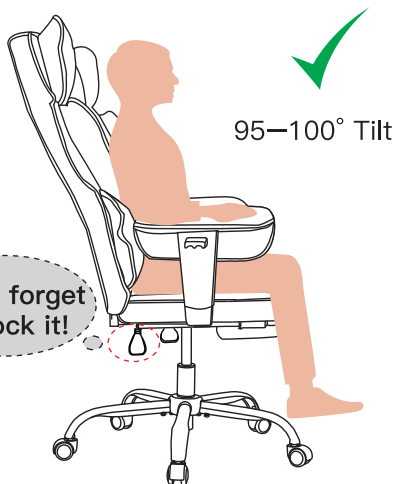

It can be used as a headrest or a lumbar support as as your preference.

13 Tips for a deeper seat cushion.

When the backrest is upright, taller people lose thigh support.

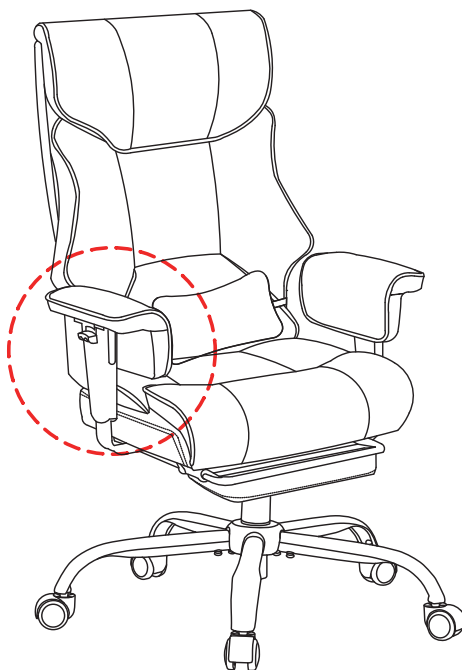

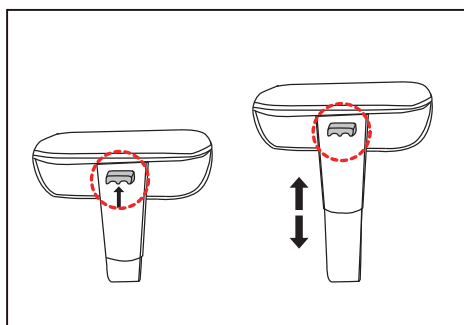

The 95—100° tilt increases the cushion depth, allowing you to sit inward.

03 Functions Display

Please read the function introduction carefully.

A Height Adjustable Armrests

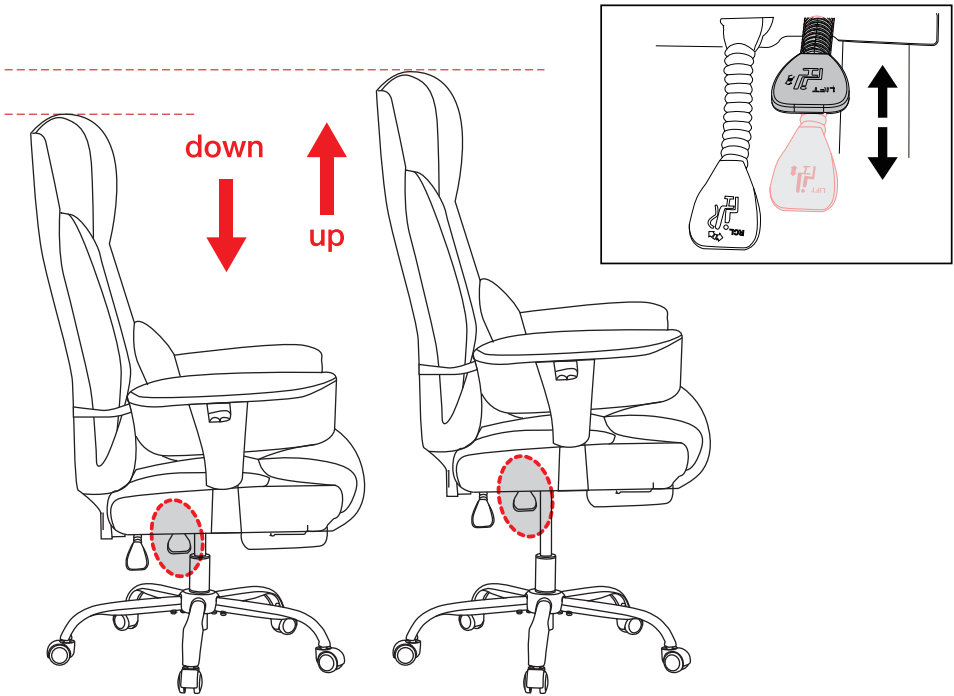

Press and hold the button while pulling upward to adjust the height.

Note:

When adjusting the height of the armrests, slight gaps or light wobbling may occur.

B Chair Height Adjustment

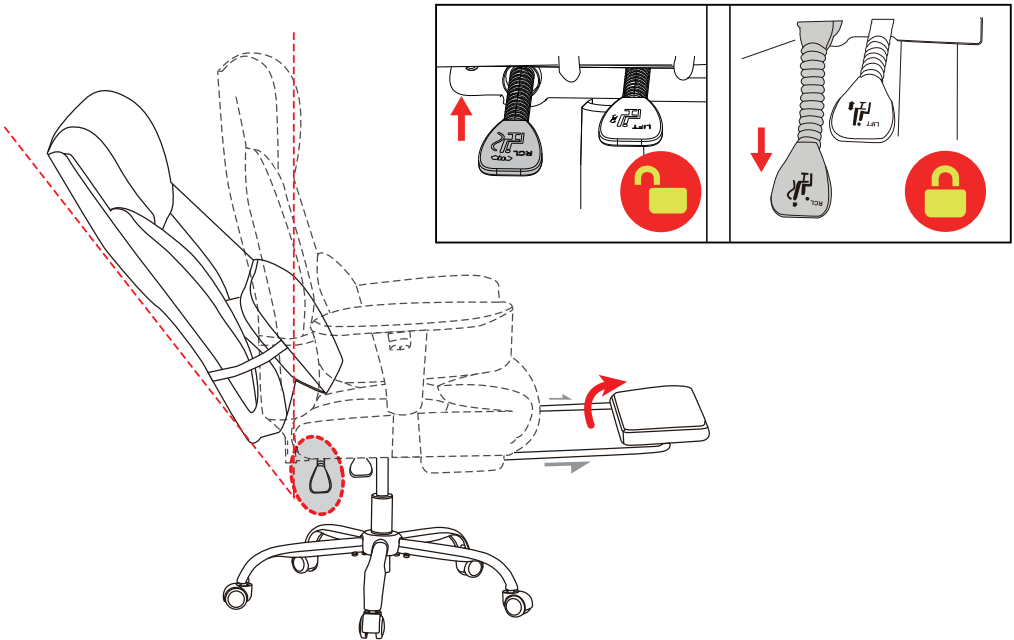

Cylinder Fixed Base “LIFT” You can adjust the seat height by using the lever.

- While sitting in the center of the seat, pull the “LIFT” lever on the lower right side of the seat upward to lower the seat.
- While lifting your hips, pull the “LIFT” lever on the lower right side of the seat upward to raise the seat.

⚠ Note:

The height adjustment feature may not work properly immediately after assembly. To activate it, apply pressure to the gas cylinder so that it contacts the base, then sit on the chair a few times to help engage the mechanism.

C Back Recline Function

The reclining function can be adjusted using the “RCL” lever on the cylinder base.

- (1). Sit in the center of the seat and lean back against the backrest.
- (2). Pull the “RCL” lever located at the bottom right of the seat upwards to release the lock and tilt the backrest.
- (3). Press the “RCL” lever downward to lock the backrest at your preferred angle.

⚠ Attention

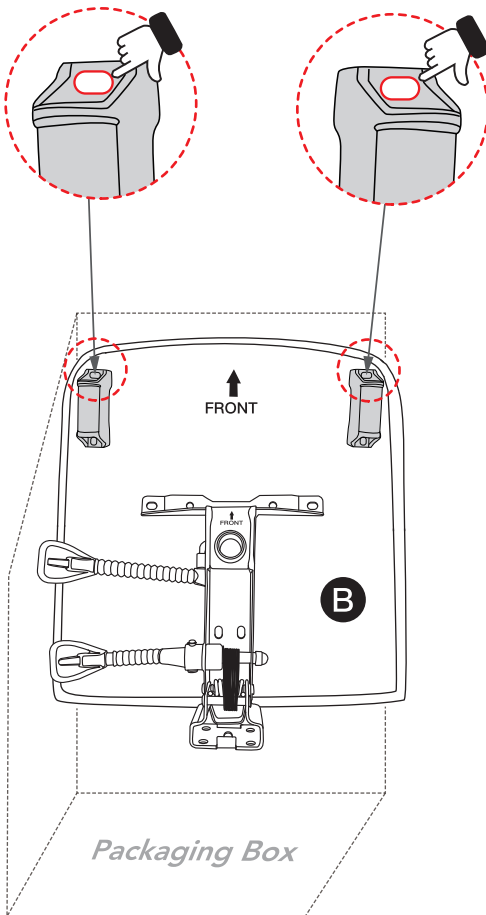

To avoid injury, do not lean back on the backrest before it's locked in place. This could cause the backrest to tilt suddenly. After adjusting the angle to your liking, make sure to press the “RCL” lever downward to securely lock it.

04 Frequently Asked Questions

Q: Isn't the footrest sliding smoothly?

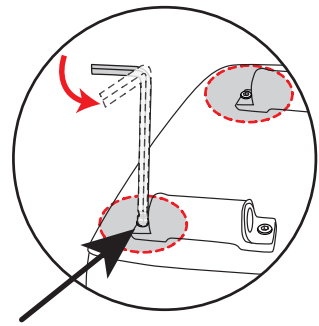

A: Adjust the footrest rails.

Method 1

Step1:

Align the screw holes horizontally.

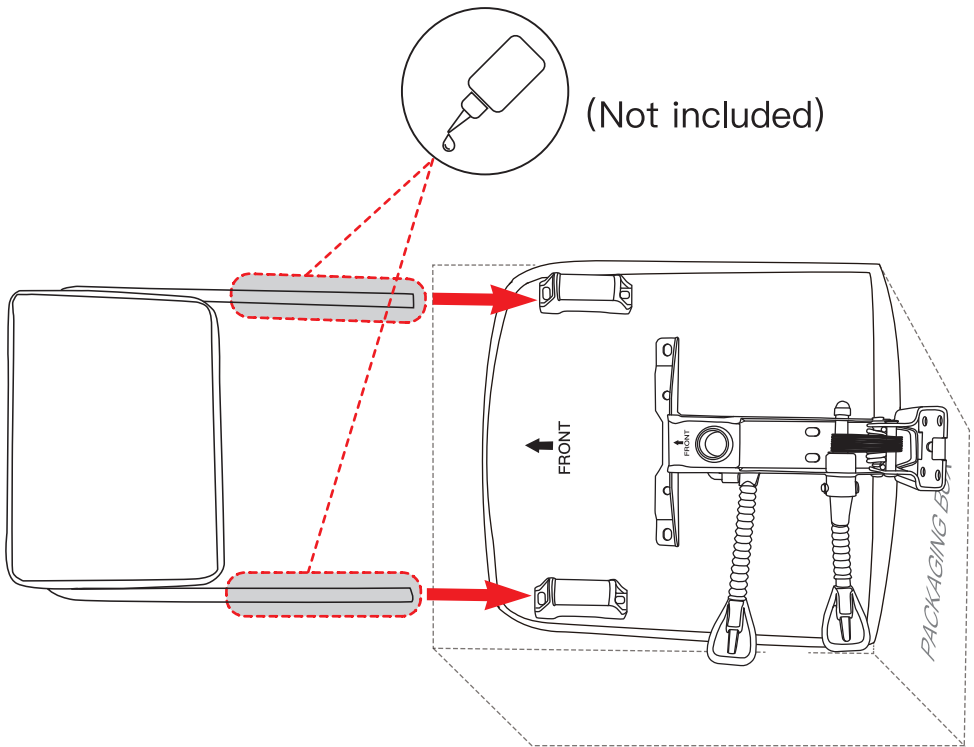

Step2:

Tighten first, then loosen it half a turn for smooth footrest installation.

Method 2

Method 1 didn't work? Try applying a small amount of lubricating oil (Not included) evenly on the footrest rods as shown to make the footrest slide more smoothly.

05 SAFETY & MAINTENANCE

Please read the safety introduction carefully.

Please use the chair properly to prevent any potential safety accidents.

Sit in the center of the chair with your back to the backrest.

DO NOT sit at the front edge of the chair.

DO NOT stand on the chair.

DO NOT use the chair with more than one person.

DO NOT turn the chair around when a person is sitting in it.

DO NOT push down on the backrest when a person is reclined

DO NOT place only your back on the chair
