

Pinstripe Calathea

Sunlight

Bright indirect light -
Avoid direct sun

Water

Keep soil moist, but not soggy
- do not let plant sit in water

Pet Friendly

Yes

Mature Size

Height: 12-24"
Width: 24-36"

Air Purification

Good - removes multiple
airborne toxins

Plant Hardiness

Outdoor: Zones 10-12
Indoor: ANY ZONE

Indoor Care Tips

Use a peat and perlite mixture
in a well draining pot.
African Violet mix also is
excellent. Do not mulch.

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 65° F

Expert Advice

- Loves humidity
- Fertilize during growing season every 2-4 weeks
- Use bottled or filtered water or rain water
