

# ThermoPro

## Indoor Humidity And Temperature Monitor Instruction Manual

Model No.: TP-50

English..... 2    Français ..... 13

## General Warning

**DANGE**

**R!**

This device contains electronic components which operate via a power source (power supply and/or batteries). Do not let children use the device while unattended. Only use the device as described in the manual, otherwise you run the risk of an electric shock.

Children should only use the device under adult supervision. Keep packaging material, like plastic bags and rubber bands, out of the reach of children, as they pose a choking hazard.

into contact with the skin. If necessary, wear adequate gloves for protection.

Keep batteries out of the reach of children. Make sure you insert the batteries correctly. Empty or damaged batteries could cause burns if they come

## **DANGER!**

Do not expose the device to high temperatures. Use only the recommended batteries. Do not shortcircuit the device or batteries, or throw them into a fire. Excessive heat or improper handling could trigger a short-circuit, a fire or an explosion!

## **NOTE!**

Do not disassemble the device. In the event of a defect, please contact your dealer. The dealer will contact the Service Centre and can send the device in to be

aired, if necessary.

Use only the recommended batteries. Always replace weak or empty batteries with a new,

complete set of batteries at full capacity. Do not use batteries from different brands or with

different capacities. The batteries should be removed from the unit if it has not been used for a long time.

### Notes on cleaning

Separate the device from the power supply or remove the batteries before cleaning.

Only use a dry cloth to clean the exterior of the device. Do not use any cleaning fluid to avoid damaging the electronics.
