### Limited 1-year warranty

The doors manufactured and distributed by Colonial Elegance are made using a process that creates a quality engineered wood substrate. We offer you a one-year (1) year limited warranty on the door, from the date of purchase.

For engineered wood doors, we recommend the installation of solid wood blocking bracket for drywall applications. This helps secure your door to the wall. Do not place your barn door directly on the drywall unless it is securely fastened directly to the studs. Our doors are manufactured to be installed with one of our decorative rails. Follow the instructions carefully to ensure the strength of the installation
