

The VELUX logo is displayed in white, bold, sans-serif capital letters within a red rectangular box. The background of the entire page is a photograph of a modern interior with a vaulted ceiling featuring several VELUX skylights. Sunlight filters through the skylights, illuminating the room. In the foreground, the back of a sofa with blue, red, and plaid cushions is visible, along with a side table holding a clock and a lamp.

VELUX®

Skylights

The HGTV Urban Oasis logo is located in the top right corner. It features the HGTV logo above the words 'URBAN OASIS' in a large, bold, sans-serif font. Below this, in a smaller font, it says 'PROUD SPONSOR' followed by '2023' flanked by two horizontal lines.

The benefits of VELUX Skylight Shades

1

Light Control

VELUX Skylight Shades offer varying amounts of light control so just the right amount of daylight comes through your skylight.

2

Energy Efficiency

By helping prevent thermal heat gain, skylight shades can improve the energy efficiency of your skylights by up to 40% compared to ones without shades.

3

Solar Powered

Solar powered shades are powered by the sun and remote controlled, so no wiring or electrician is needed.

VELUX skylight shades

Solar-powered shades Complete light control

VELUX shades allow you to control the light, enhance your decor, and improve energy efficiency.

We offer the option of ordering most fixed and “Fresh Air” skylights with **factory-installed White Room Darkening, Double-Pleated shades**.¹

- Double-pleated shades with an aluminum coating increase the skylight’s overall energy efficiency
- Blocks daylight, allowing only a minimal amount of light to pass around the edge of the fabric
- Factory installation available for Room-Darkening Double-Pleated White
- Also available with light-filtering fabric and other colors.²
