Specifications

- Tempered, high-carbon steel cutting blade
- Ergonomic handle for added comfort
- Blade is made of tempered, high-carbon steel
- Adjustable handle accommodates varying blade angles for optimal cutting
- Works well in tight spaces
- Ergonomic handle is interchangeable with most popular PVC saw blades

Product Overview

Husky's 13 in. PVC/ABS Pipe Saw is great for cutting pipe in tight spaces. Its high-carbon tempered steel blade construction provides increased durability. The ergonomic powder coated, die-cast aluminum handle adjusts to various blade angles.

Operating Instructions

1. Lay saw on flat surface.
2. Using a flathead screwdriver, remove screw.
3. Rotate handle or blade to desired angle for job.
4. With blade in place, replace screw and tighten.
