

Detailed Product Dimensions & Specifications

ENCLO
HIDE IT WITH STYLE

Highland Vinyl Privacy Lattice Screen Kit - 2 Pack (45" H x 36" W)

If necessary, this enclosure can be trimmed down vertically to fit your custom space. Use a fine-toothed circular or hack saw. Rails will need to be re-spaced and configured accordingly.

Screen Installation Options

* Screens are designed to be installed at a right angle for optimal stability. If installing in a straight line or independently from each other, it is recommended to secure the posts into the ground with a bit of gravel or quick drying cement to ensure your screens are not easily knocked over.
