

PRODUCT SPEC SHEET

LED LIGHT FIXTURES

PRODUCT DESCRIPTION

7 in. Round White LED Flush Mount

Model #	Fixture Category	Certifications
ND01AGR1-W3081	Flush Mount	ETL, FCC
SKU#	1004066311	

Product Overview

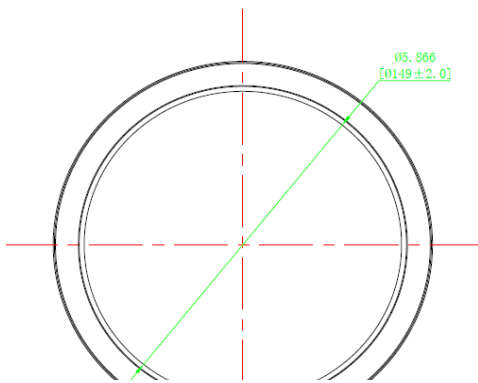

This ultra-slim round integrated LED flush mount has a low profile design that blends seamlessly with your ceiling. Each 7 in. slim round flush mount is equipped with energy efficient edge-lit LED technology, which channels the light to the side of the fixture and then redirects it downwards to provide uniform light distribution without any hot spots or glare. While using only 12.5-Watt of energy, these low profile integrated LED flush mount fixtures produce brightness (850 Lumens) comparable to traditional 75-Watt incandescent lighting. These slim flush mounts are rated to last for 50,000 hours so you won't be changing them anytime soon. These ultra-slim, modern flush mounts can be installed in 3 in. and 4 in. junction boxes.

Benefits	Construction	Electrical	Installation	Lumens
<ul style="list-style-type: none"> Brightness: 850 Lumens Energy used: 12.5-Watt equivalent to 75-Watt incandescent lighting. Shatter resistant 	Plastic	12.5-Watt	Ceiling Mount with 3 in. and 4 in. Junction Box	850
