

ULTRA-MATTE FINISH

Americana DECOR® CHALKY FINISH™

A unique chalk, matte finish paint that creates beautiful, vintage décor pieces. It is ideal for painting old furniture and flea market finds or upcycling virtually any piece.

- Excellent coverage
- No need to prime or sand
- Easily distressed for aged, vintage looks
- Formulated to adhere to the slickest surfaces

FINISHING OPTIONS

CRÈME WAX

Give raw and stained wood or painted pieces a hand-rubbed luster and durability with Americana Decor® Crème Wax.

1. Use a brush or lint-free rag to apply. Immediately wipe off any excess.
2. Allow the first coat of wax to dry, then apply a second coat. Thin coats are best.
3. Use a clean, light color cloth to buff (the dyes in colored fabrics may discolor the finish). For a glossier sheen, buff the wax as soon as it is no longer tacky.

To achieve a washed look, Clear Crème Wax can be tinted with a lighter paint color before application.

DecoArt®
MADE FOR MAKERS®

INTERIOR/EXTERIOR VARNISH

Use on raw wood or as a topcoat over any acrylic paint to provide superior interior and exterior durability.

- Fast-drying
- Low-odor
- Water-based
- Resistant to household cleaning chemicals
- Non-yellowing polyurethane finish
