# ALL-PURPOSE GARDEN SOIL

## CONTINUOUSLY FEEDS UP TO 9 MONTHS

## GROW BEAUTIFUL VEGETABLES, FRUITS, HERBS AND FLOWERS

VIGORO® soils and amendments are blended to grow beautiful plants. Our VIGORO® ALL-PURPOSE GARDEN SOIL continuously feeds plants for up to 9 months. It adds premium forest products to your native soil to aid in vigorous root development. It is specially blended for all in-ground flower and garden beds.

## DIRECTIONS

**1 MIX WITH NATIVE SOIL**
Apply 2-3 IN of Vigoro® All-Purpose Garden Soil to the top of the desired planting area. Rototill or use a shovel to mix into the top 4-6 IN of native soil. Level the soil area.

**2 PLANT**
Plant seeds or plants according to directions.

**3 WATER**
Water thoroughly after planting and then daily until established.

**4 MULCH**
Mulch over area with mulch when appropriate.

**NOT FOR CONTAINER GARDENS**

Be sure to mix VIGORO® ALL-PURPOSE GARDEN SOIL with native soil as directed above to avoid creating a distinct layer between the product and native soil. This will allow roots to expand easily for more vigorous plant growth.

**IMPORTANT**
We recommend wearing gardening gloves when using this product.

**FERTILIZING**
Apply fertilizer according to package directions when plants show signs of slowed growth or foliage turns a lighter shade of green.

**INGREDIENTS:** This product is formulated from (one or more of the following: peat, processed forest products, coir, and/or compost), and sphagnum peat moss, fertilizer (see below), and a wetting agent.

**IN OREGON,** this product contains processed forest products, sphagnum peat moss, perlite, fertilizer (see below) and a wetting agent.

In the state of WASHINGTON, do not exceed 130 bags per acre per year.

**IN CALIFORNIA, TEXAS, and IDAHO** this product is formulated with processed forest products, compost, sphagnum peat moss, fertilizer (see below), and a wetting agent.

**IN MICHIGAN,** this product contains compost, processed forest products, sphagnum peat moss, fertilizer (see below) and a wetting agent.
