

Recycled Plastic Lumber

The Evolution of Lumber

Best Plastic Lumber U.S. (BestPLUS), a sustainable plastic lumber manufacturer, provides durable, maintenance-free lumber that can be used in a variety of commercial, industrial, and residential applications.

With manufacturing in Jeannette, PA, our mission is to bring an innovative and cost effective product to a wide audience of Do-It-Yourselfers and contractors. We create durable and affordable lumber from materials that would otherwise be destined for landfill.
